The following message was received from the Senate through Mr. Harris, Secretary thereof:

Mr Speaker:

I am instructed by the Senate to notify the House that
the Senate is now organized, and is ready to proceed with
the business of the General Assembly.

The Senate has also appointed as a special committee to
act in concert with one on the part of the House to notify
the Governor that the General Assembly is now in session,
and has appointed as a committee on the part of the
Senate, Messrs. Corput, Edwards and Robinson.

Mr. Smith, of Gwinnett, offered the following resolution,
which was adopted, to-wit:

A resolution to appoint a committee of three to notify
the Senate that the House was organized and ready to
proceed with the business of the General Assembly.

The chair appointed the following committee: Smith,
Gwinnett, Battle and Doolan.

The following newly-elected members came forward and
were duly sworn in by Judge Hunt, of the Flint Circuit,
to-wit: Hon. Berrien H. Brown, of Forsyth; Hon.
David J. Bailey, Jr., of the county of Spalding; Hon.
James F O'Neil, of the county of Fulton; Hon. Milton
A. Candler, of the county of DeKalb; Hon. B. H.
Williams, of the county of Harris, Hon. Riley Giddens,
of the county of Whitfield; Hon. Henry M. Gainey, of
the county of Charlton.

The following resolution, by Mr. Allen, was read and
adopted:

Resolved by the House, the Senate concurring, That a
joint committee of three from the House and two from
the Senate be appointed to ascertain in what circuits
elections for Judges and Solicitor-Generals must be held by
the present General Assembly and report the same to the
House and the Senate.
The following members were appointed on the part of the House: Allen, Bloodworth of Monroe, and Richards.

The following resolution of Mr. Calvin was offered, read and adopted:

Resolved, That until otherwise ordered the sessions of this House shall be as follows: Meet at 9 a.m., adjourn at 1 p.m.

The House concurred in the Senate resolution to appoint a special committee to notify the Governor that the General Assembly was now in session and ready to perform such business as may properly come before it, and the Speaker appointed the following committee on the part of the House: Cumming, Mershon, Martin, Hodges and Fleming.

On motion, the regular order of business was taken up and the following bills and resolutions were introduced, read the first time and appropriately referred, to-wit:

By Mr. Martin—
A bill to establish a new charter for the city of Atlanta.
Referred to General Judiciary Committee.

Also, a bill to regulate the business of insurance in this State, and for other purposes.
Referred to General Judiciary Committee.

By Mr. O'Neil—
A bill to amend article 7, section 6, paragraph 2, of the Constitution of 1877
Referred to General Judiciary Committee.

By Mr. McDonald—
A bill to establish a system of public schools in the town of Lawrenceville.
Referred to Committee on Education.
Also, a bill to incorporate the town of Auburn, in the county of Gwinnett.
   Referred to Special Judiciary Committee.

By Mr. Walker—
   A bill to amend the several acts granting corporate authority to the town of Sparta.
   Referred to Committee on Corporations.

By Mr. Lewis, of Milton—
   A bill to repeal an act entitled an act to alter and amend the road laws of the State of Georgia as applicable to the county of Milton.
   Referred to Special Judiciary Committee.

By Mr. McDonald—
   A bill to authorize the building of courthouses in the several militia districts of this State, and for other purposes.
   Referred to Committee on Counties and County Matters.

By Mr. Cumming—
   A bill to amend the act incorporating the village of Summerville, in the county of Richmond, and for other purposes.
   Referred to Special Judiciary Committee.

Also, a bill to amend section 2618 of the Code of Georgia, so as to punish foreign executors, administrators and guardians to transfer stocks and draw dividends and deposits.
   Referred to General Judiciary Committee.

Also, a bill to amend an act to provide a fund for the outfit of the Medical Institute of Georgia, and for other purposes.
   Referred to Special Judiciary Committee.
By Mr. Stapleton—
A bill to amend section 1675(a) of the Code of Georgia of 1882.

By Mr. Cumming—

A bill to amend section 2237 of the Code of Georgia, as amended by the act of September 25, 1883, so that shows of stock in incorporated companies shall be deemed personality.

Also, a bill to authorize the appointing of special bailiffs by Judges of the Superior Courts in counties of sixty thousand or more.

Referred to Committee on Counties and County Matters.

By Mr. Fulcher—

A bill to amend and consolidate the several acts incorporating the city of Waynesboro, and for other purposes.

Referred to Committee on Corporations.

By Mr. Ferguson—

A resolution requesting our representatives in Congress to vote for the repeal of the 10 per cent tax on State Banks.

Read first time and referred to Committee on State of the Republic.

The following message was received from His Excellency, the Governor, through Mr. W H. Harrison, Secretary of the Executive Department:

Mr. Speaker:

The Governor instructs me to deliver to the House of Representatives a communication in writing with accompanying documents.
To the Senate and House of Representatives:

Since your adjournment, something less than one year ago, the people of this State, together with the people of our common country, have suffered from the effects of an unusual and long continued financial stringency.

If such money panics can occur when our harvests are abundant, and no legitimate causes are easily apparent, it behooves the representatives of the people to inquire into the conditions that make them possible.

Under such conditions there must be in our midst some power, somewhere, able to paralyze and destroy, at will, the common interest and the common good.

Such dangerous influence, if it exist, should not only be inquired into and removed, but it should be absolutely destroyed. No conditions of class can justify the growth of a power within the government greater than the people who make the government.

Without reference to the matters which have, as yet, claimed the attention of our National Congress, in extraordinary session, as being beyond the pale of State authority, I deem it proper to say to you that, in my candid judgment, the most, if not all the ills that affect the country to-day, come to us, directly or indirectly, from the dangerous and pernicious policy of the general government known as protection. The time has come in the history of our people when this policy must be rebuked, as contrary to the spirit...
of free government, and not authorized by the organic law that made the American system.

Adopted at the beginning for revenue, it advanced to the guardianship of our infant industries, until it has finally grown into a monster power, producing combinations, trusts and monopolies that override the rights of the common people, while they dare dictate the policy of the government in their own interest and against the interest of the people.

It is gratifying to know that the political party, now in power, stands committed to repeal its resultant, unconstitutional tax which destroys the equality of right among citizens and builds a system of centralized government.

Not content with denying the rights of the individual in trade, the general government has advanced to the further denial of the rights of the States in their use of money as established before the adoption of the Constitution of the United States and fully recognized, authorized and guaranteed in that fundamental law of our system.

It is equally gratifying to know that the present Federal Congress is pledged to repeal this protected monopoly of money also, and restore to the States the opportunity for growth and development commensurate with their resources and their unrestrained energy and will.

No tax was ever imposed by the Federal government upon the issues of State banks until the necessities of war demanded the revenue. This tax was levied then, first, as upon manufacturers, for revenue, and, finally, for protection to our national infant financial industries by prohibiting the rights of the States in money.

The authority extended by the national government to certain citizens to invest their money in government bonds; deposit them with the United States Treasurer; receive a bank charter and have issued ninety per cent. of their face value in bills for circulation, was not enough to guarantee
the success of a money monopoly, if State banks of issue were tolerated by the general government. Therefore, State banks of issue needed to be suppressed and a monopoly created for national currency under protection by the government. The tax was levied, the rights of State banks to issue bills under State authority was destroyed and protected money monopoly now threatens, more than all else, the liberties of the people.

Little if any revenue was ever collected on State issue, and yet the majority of the Supreme Court of the United States held that it was not within their jurisdiction to protect State banks against this wholesale slaughter, saying further, such banks must look alone to Congress for relief.

Congress is now in session, and to Congress the States must appeal for an equal chance against protected monopoly to prevent un­called for panics and the consequent distress of the people.

I recommend, therefore, in anticipation of such action by Congress as is guaranteed by the democratic platform, such legislation as will charter State banks of issue, upon such safe conditions, without Federal interference or control, as will secure their credit beyond question and furnish to the bill-holders absolute and perfect protection.

When this is done our people will get money at a fair rate of interest when they need it, and the States will furnish an elastic currency that will expand and contract as our business needs demand; prices of products will not be reduced because of scarcity of money, and congestion and contraction will be an impossibility under our financial system.

By independent State action, solvent county, state and municipal, as well as national bonds and cash resources can be used with perfect security for the redemption of State bank bills. In this way our financial basis will be broadened and, with the protection of the government removed from
monopolies, whether in manufactures or money, we will have sound and abundant money for the State and prosperity and content for the citizen.

**TAX RETURNS.**

For many successive years the property of this State has steadily advanced in value, until the past year.

In 1892 the property of all kinds returned for taxation in this State amounted to $463,753,534. The returns for the past year amount, in the aggregate, to $452,000,000, making a decrease amounting to about $12,000,000, the first decrease in tax values since the war.

How much of this falling off can be attributed to the severe financial crisis through which we have passed, and how much to the repeal of the law providing for the equalization of tax returns, I leave for your judgment to determine. The condition is worthy of your consideration, certainly, when it is known that not only the tax values have fallen off $12,000,000, but that the acreage of the State has shrunk 554,623 acres—not quite one thousand square miles.

It is quite evident that our system of taxation is at fault. Justice to the citizen demands a remedy.

The expenses of the government remaining the same, the larger the tax returns the less the rate; the greater the lack of uniformity in the returns, the greater the inequality of burden imposed by the rate.

The State is growing in its charities, its institutions for development and its educational interests. To meet these demands we must have, not only a corresponding increase of material wealth, but a just and uniform return of the property to be taxed.

A full and fair return of property means a low tax rate. This reform the people will gladly indorse.
The falling off in tax values, just noted, will reduce the amount contemplated by your appropriation to the school fund of the State something more than $85,000. If the schools are continued five months, as heretofore, an additional appropriation will be necessary.

I earnestly urge upon the General Assembly some provision by which the teachers in our common schools shall be paid quarterly, as are all other State officials.

The salaries received by the teachers are not commensurate with the service they render. Delayed payment compels a heavy discount on the scrip furnished them, neither creditable to the State nor just to a most worthy class of our citizens.

The teachers in our schools are, in no sense, inferior in their rights to other officers in the State, and they should not be compelled to carry a tax in the shape of a discount to save the people from a burden very much less, because of a much more general distribution.

If no better plan for payment can be devised by the General Assembly, I would, respectfully, recommend the levy of a special tax for one year to raise the amount necessary to meet the salaries of the teachers in our common schools, even though it should require a double tax for the year of the levy. It is far better to distribute this burden among the people who receive the benefit of the service than confine it to the teachers who have fully earned the money the State denies them.

TEACHERS' INSTITUTES.

The small beginning, in normal training provided by the General Assembly, through teachers institutes, has been greatly helpful for the improvement of the schools. With some changes in the law, that will readily suggest them-
selves, after our past experience in its operation, the institutions can be even more effective than now.

Through the liberality of Dr. J. L. M. Curry, the efficient agent for the distribution of the Peabody fund, this feature in our public school system was inaugurated and exclusively maintained until recent action by our Legislature.

This generous aid should receive, at the hands of the General Assembly, suitable recognition, not only in proper expression but through corresponding appropriation, to increase and enlarge the interests the generosity of the Peabody board inaugurated.

When this shall have been accomplished the State will, even then, have made but little advance in normal training—aiding only those who are already teachers. Our system will always remain inefficient until, with proper appropriation for equipment and maintenance, the General Assembly shall establish one or more normal schools, wisely and well organized, for the training and preparation of those who expect to become teachers.

The Constitution of the State provides: "There shall be a thorough system of common schools for the education of children in the elementary branches of an English education."

A thorough system cannot be built up through incompetent teachers. Normal training is the only means by which we can secure competent teachers. Georgia is far behind her sister States in this feature of her system.

The normal school I regard as the most important factor now lacking in our system, and I ask for this recommendation your earnest consideration.
A REFORMATORY

If there is any principle or policy in our system of government that authorizes or requires the appropriation of money for the intellectual and manual training of the children of the State to prepare them for citizenship, I am compelled to believe that the same reasons demand similar care for the moral reform of those children who, because of neglect or vicious environments, become a nuisance to the community and a burden to the taxpayers of the State.

A distinguished statesman has said: "All the vagabonds in the world begin in neglected children." If this statement be true, it authorizes us to believe that all the criminals in Georgia have come from an abused childhood.

Some place, other than the penitentiary or county chain gang, should be provided for the incarceration of children and some misdemeanor convicts. The disgrace of confinement and the wicked influences which surround the child in the penitentiary prevent reformation. The object of imprisonment should be reform as well as confinement at hard labor. The State owes it to the young criminal to place him in contact with circumstances that will tend to soften, rather than make him more obdurate and vicious. The State has an interest in every child she rears. Every good citizen made out of what was material for a vicious bad citizen is an immense advantage to the State as a self-governing body. The same thing is true of the State as a social body.

When it is considered that several hundred such citizens can be made from such material every year, the effect upon the population of the State is easily seen. As such citizens are producers of wealth, the money investment for their reformation would be profitable to the State.

The General Assembly, in all the past years of our history, at each of its sessions has given great consideration to the enactment of laws for the punishment of crime, but we have
never yet recorded a law of practical value for the reformation of a criminal.

Without such influences, our penitentiary and convict camps are but training schools for criminals.

With two thousand two hundred convicts in our penitentiary and about the same number in our county chain gangs, we stand appalled at the prospect of the deluge of crime to be turned upon the State when the limited service of these criminals expires.

In our State prison there are 2,168 convicts confined. Of these, 375, or twelve per cent., are below the age of 18. Of these latter, 141 are below the age of 16; 80 below the age of 15; 40 below the age of 14; 27 below the age of 13; 15 below the age of 12; two 11 years old, and one at the tender age of 10. Thirty-six per cent, of the convicts in the penitentiary are below the age of 20.

Below the age of ten our law hardly recognizes the responsibility of a child, and sometimes tolerates, if it does not excuse, his crime. With a degree of indulgence we leave him unrestrained, a menace to society until he attains, somewhat, to years of discretion and perfected rascality, or confine him with criminals to be made an outlaw and a fiend.

The alarming increase in all kinds of crime throughout the State demands the thoughtful study of those whose duty it is to guard the public weal by suitable legislation, not only for restraint, but for reform.

If the State owes no duty to its children, born and reared in poverty and crime, it does owe to society the best protection against their lawlessness and violence. The best protection must be reached, not so much through the punishment of the criminal as the prevention of crime.

The last United States census reports forty-five thousand criminals confined in the prisons of the States. Georgia furnishes five per cent, of this number. The same census
reports fifteen thousand young convicts in reformatories for correction. Of this number our State does not report one. Our young convicts are thrust into chain gangs for criminal training, and, subsequently, transferred to the penitentiary for further development and education in crime.

It is for the General Assembly to say whether this stain shall longer remain upon the State.

The policy I am commending for your consideration is not an untried experiment. For many years it has been a part of the penal system of many of the States, with good results to the peace and good order of society, and an elevated standard of citizenship.

The records of a majority of the leading reformatories of the United States show that more than seventy per cent. of those turned out from juvenile reformatories became law-abiding citizens.

The cost to the State is not to be considered when we regard our duty to the unfortunate or seek the protection of society against lawlessness and vice. If the direct tax necessary to maintain such an institution is an argument against its establishment, it may be well to estimate the tax levied upon the counties and the State for the capture of criminals and the punishment of crime. One criminal in this State cost one county ten thousand dollars before he was brought to punishment. Another criminal cost another county twenty thousand dollars. At this rate of expenditure the saving would soon establish a reformatory that would greatly reduce the crime, and at the same time save the honor of the State.

COUNTY CHAIN GANGS.

I respectfully urge upon the General Assembly consideration of the special message, sent in at your first session, calling attention to the management and control of our county chain gangs.
Upon investigation, you will find this system subject to all the criticisms that have been justly made by the General Assembly, from time to time, upon our penitentiary system, and, yet, entirely without control and supervision by the State.

These convicts are hired or leased to private parties for the purpose of personal gain. So are convicts in our penitentiary. In the one case, convicts are turned over to the mercy of those who have bought their muscle, without knowledge, by the State, as to their term of service, physical and moral condition or general treatment. In the other, the State provides proper and diligent officers who look to the proper enforcement of the contract, the record of the term, the discharge from service, the medical care of the prisoner, and the designation of the proper party to administer punishment. In the penitentiary, the convict is the ward, in some sense, of the State. In the chain gang he is at the mercy of those who buy his time and strength to make money, with no designated power to protect his rights, care for his morals, or defend his person.

In some instances these convicts are hired by the same parties who hire penitentiary convicts, and they are, therefore, practically, confined in our penitentiary, when the judgment of the court did not so determine and their offences did not so warrant. This injustice, however, need not be mentioned in the presence of the greater wrong done them in the denial of care and protection by the State during their term of service.

These convicts should receive from the State the same superintendence as is given convicts hired to the lessees of our penitentiary.

In my judgment the General Assembly cannot afford to delay longer the consideration due prisoners confined in our county chain gangs.
During my term of office I have considered and disposed of 440 applications for executive clemency. Of these 182 have been passed upon since your first session. Many of these cases have come to me at the suggestion of the officers of court, and pardon has been granted because the minimum punishment fixed by the law, in the opinion of the court, was too severe for the offence committed. It is not so much the severity of punishment that deters crime as the certainty. If the penalty, in many cases, can be reduced and the courts authorized to give a speedy and prompt hearing, the people will have greater regard for the majesty of the law and crime will be reduced.

I earnestly recommend, therefore, the revision of the penal laws of the State with the view of adjusting the penalty to the nature and character of the offence committed.

The reports submitted by the Principal Keeper and Physician to the penitentiary will give you full information as to the condition of the convicts, and the management of the camps.

It is due to say that I have had no trouble in the enforcement of the law and the rules regulating the control of prisoners. The slightest irregularity is always promptly and fully remedied as soon as the attention of the lessees is called thereto. I find the supervision and control by the lessees exercised with due and full regard to the terms of the contract with the State.

Under the law, I have required payment for escapes occurring from lack of necessary diligence and care. Some of the fines imposed, I have been asked to reduce, because of subsequent capture, after the expiration of the sixty days allowed by law. This I have declined to do because I know of no such authority given the Executive.

It may be worthy of your consideration to say that after
the fine required has been paid there can be no further inducement for the lessees to offer a reward for the capture of the escaped convict, and, without a reward, not many desperate criminals will be returned to the penitentiary.

OUR JURY SYSTEM.

The constitution of this State declares: "The General Assembly shall provide by law for the selection of the most intelligent and upright men to serve as grand jurors, and intelligent and upright men to serve as traverse jurors; nevertheless, the grand jurors shall be competent to serve as traverse jurors."

The General Assembly, by appropriate legislation, provides for such selection by competent jury commissioners and for the service of the persons selected for grand jurors on the traverse jury. It could not well be asked that any improvement should be made on a system which confines jury service to citizens who are both upright and intelligent, selected by fair-minded men from the body of citizens at large.

It is known, however, that in the counties in which the larger cities are located complaints of unsatisfactory service have been made.

If the fault is not in the law, it must exist in its application or the restrictions which limit the number from which selections are to be made.

I am clearly of the opinion that the cause of complaint exists in the great number of exemptions from this paramount public duty, which, from time to time, have been granted.

The effect of such exemptions, in certain localities, is to place double service on those citizens not so favored, and sometimes force the determination of great and important
rights to be had by the superficial and ill-advised judgment of the least competent of the selection.

No higher or more important duty devolves upon the citizen. It should bear equally and alike on all. Public service, heretofore, rewarded by such exemptions should be compensated in some other way, that the right of jury trial may be preserved in the spirit of fairness and impartiality and with the intelligence and purity which will command our highest regard.

BOARD OF HEALTH.

Since your adjournment we have been confronted with conditions imperatively demanding the enactment of some such legislation as I had the honor to commend at your first session, looking to the establishment of a Board of Health for the State.

More than once, during the past three years, I have been compelled to call upon the Federal authorities to suppress epidemic and contagious diseases. To do this it becomes necessary to surrender, absolutely, all State control into the hands of the general government, for the time being, in opposition to our ideas of local self-control.

Whilst I have no complaint to make against the Federal authorities assuming control at my request, I do not think the policy in harmony with the principles of our government, nor does it show proper care and protection for citizens due them, primarily, by the State.

Our conditions are such as make us liable to the spread of epidemics among the people, attended with great loss of life and property. These contingencies occur when the Executive is powerless either to relieve the infected districts or to protect the State against the spread of disease.

I respectfully recommend and urge the establishment of a State Board of Health constituted with such authority as
will furnish the needed relief for the people under the con-
ditions indicated.

In this connection I desire to express my full apprecia-
tion of the skill and efficiency of the medical officers in
charge of the yellow fever sufferers at Brunswick and Jesup
by order of the general government. Without the aid thus
rendered, untold calamity would have come to the State,
not only in the loss of life and property, but in the conster-
nation and alarm that would have siezed upon the people.

Taxpayers in the infected districts—the counties of
Glynn and Wayne—deserve the fullest sympathy from the
State, and I ask for them the most indulgent consideration
by the General Assembly consistent with the public good.

WESTERN AND ATLANTIC RAILROAD.

In the transfer of the State's property in the Western
and Atlantic Railroad from the former lessees to the con-
trol of the present lessees, I found that the rights of the
State had not been distinctly defined in many instances and
that danger of final loss was probable because of encroach-
ments that would not be recognized as such, at the expira-
tion of the present lease, when the property must be re-
turned to the State.

An investigation soon disclosed that the State had large
interests that needed to be properly defined and established,
and the further fact that the work demanded would be far
more than could be discharged by the Attorney-General in
time to fully secure the State's claims.

I, therefore, recommended the temporary appointment of
a special attorney for this property, whose duties it should
be to report at this session of the General Assembly the
condition of all the property owned by the State along the
line of road. Under the authority given by your action at
your first session, I appointed Hon. W A. Little, special
attorney for this property. I have the honor now to submit to you his report.

The investigation has required a great amount of labor and research. Much of the property had been so long neglected that the State's claim was not recognized, and innocent purchasers, in some instances, have come to know that they have no title to the property they have heretofore held as their own.

The service rendered the State by this investigation is invaluable, and the report herewith transmitted makes a showing greatly creditable to the painstaking and efficient work of the special attorney and a statement of conditions gratifying to the people of the State.

A careful reading of the report will disclose the fact that it has not been possible to determine, finally, all the State's interests in the time allowed. I would recommend the special attorney continued in his investigations until all the claims in dispute are fully and finally determined.

I have recently made a personal examination into the physical condition of the road, and I am pleased to report the property greatly improved and well kept. The State's interests have been committed to good hands.

I am in receipt of a letter from the adjutant-general of the state of Ohio in which I am informed that the legislature of Ohio, by joint resolution, desire to "ascertain whether or not the railroad engine known as "General" could in any way be secured by the State of Ohio as a monument to the bravery of the men known as the "Andrews raiders" in the late war."

This application I refer to the General Assembly, recommending that it will be far more in accord with the spirit of our people to retain the engine for the State and place it in some conspicuous place on the Capitol grounds "as a monument to the bravery of the Georgia heroes" who rescued "General" from the hands of the raiders.
The following report, under the terms of the lease, is submitted for your inspection.

ATLANTA, GA., October 1, 1893.

To His Excellency, Hon. W. J. Northen, Governor of the State of Georgia:

Sir—In accordance with the provisions of an act of the Legislature of the State of Georgia, approved November 12, 1889, providing for the lease of the Western and Atlantic Railroad, the Annual Report for the fiscal year ending June 30, 1893, is herewith submitted:

The light iron bridges over Etowah and Chattahoochee rivers have been replaced by modern substantial steel bridges, designed for 100-ton engines, and the masonry and approaches extensively repaired.

32.74 miles of 68-pound rail have been laid; 17 72 miles of track have been ballasted; 51,065 cross-ties put in; 3.08 miles of new side-tracks constructed; 18 miles of barbed-wire fence built, and 21 stock-gaps put in. The necessary grading for the double track from the Belt Line crossing to the Union Depot in Atlanta has been completed.

The old car-sheds and coach-sheds at Atlanta have been replaced by a substantial steel-covered car-shop, 47 by 285 feet, adjoining the round-house, and the machine-shop, begun last year, has been completed. New depots have been erected at Kingston, Kennesaw and Bolton, and new coal-chutes at Rogers.

Accurate surveys and maps of the State's property in Georgia and Tennessee have been made, corner-posts erected, and the State's attorneys furnished with these maps, also advised of all encroachments on the property.

Respectfully,

J. W Thomas,
President.
GEOLOGICAL SURVEY

Under authority given at your first session, the Geological Board directed the publication of the report of the State Geologist, Dr. Spencer.

The fund appropriated for this purpose was not sufficient to cover the necessary expense for publication by something less than five hundred dollars.

It was highly important that the report should be published under the supervision of the author, and as Dr. Spencer was about to retire from the work, the board deemed best to give the report to the public printer and rely upon the General Assembly to meet the additional expense by suitable appropriation.

If the report had been delayed until the necessary legislation could be had, it is highly probable the work would have been lost to the State.

In the opinion of the board the interests of the State demanded a new organization of the survey.

On the 22d of March last the officers in charge of the survey were requested to send in their resignations, and on the 15th of May following, Professor W. S. Yeates was appointed to the position of State Geologist. As soon thereafter as applications could be properly considered, in conference with Professor Yeates, Messrs. S. W. McCallie and F. P. King were appointed assistants to the State Geologist. Reference to the accompanying report, submitted by the State Geologist, will give an outline of the survey as now directed by the department.

STATE LIBRARY.

Quite a number of valuable books belonging to the State library are not in place because of lack of space and suitable shelving.
I respectfully recommend such action as will put these volumes in position for use and reference as well as preservation and care.

Another matter demanding the immediate attention of the General Assembly, in this department, is the purchasing of a certain number of the Codes of 1882 for distribution amongst those officers of the State who are required by law to be furnished with a Code and whose Codes have been worn out in the use of the past ten years.

Daily demands are being made upon the State Librarian for new Codes in place of those worn out. I am informed that there are about 100 Codes in the hands of the publishers; in the State Library there are only 200. The law requires 350 Codes to be kept on hand in the State library for the use of the General Assembly and officers of the different State departments. The 200 now on hand are subject to be drawn upon to be issued to the justices and notaries of new districts as they are formed, so that this supply is being reduced constantly.

Whilst it is possible that this General Assembly will take steps to publish a new Code, it is not to be expected that the Code can be published and put into the hands of the officers of the State much short of eighteen months or two years, as it is probable that the Commission appointed to revise the new Code, if any steps are taken in that direction, will be required to report to the legislature of 1894 before the revision can be adopted. Some six or eight months will, doubtless, be required to publish the new Code after its adoption.

There are no Form Books on hand to be issued to new districts or to supply those which have been issued and worn out in service. I would, therefore, respectfully recommend that 100 Codes and 300 Form Books, if so many can be obtained, be purchased at once for the use of the officers of the State.
Section 228(h) of the Code, referring to the publication of reports, is in the following language: “Whenever the Librarian of the State shall report to the Governor that there are not more than twenty-five copies of any electrotyped volumes on hand, the Governor shall forthwith have five hundred additional copies struck off, and shall draw his warrant upon the printing fund for the expense thus incurred.”

In accordance with this law the Librarian has duly reported to me that the first ten volumes published by the State, to-wit: volumes 66 to 75, inclusive, have reached the point indicated in the statute, and the 76th is so near it as to make it proper to include that volume in this recommendation. The statute requires the publication of 500 copies, but there being no funds on hand appropriated for that purpose, I can only proceed to lay the matter before the General Assembly for such action as to them may seem best.

After consultation with the State Librarian, it is my judgment that there is no necessity for the publication of more than one hundred copies of each of the eleven volumes, from the 66th to the 76th, inclusive. I am satisfied that one hundred copies of each can be published for an amount not to exceed the sum of $1,300. Should the General Assembly decide to publish 200, that number would not cost more that $2,100. I respectfully recommend that the legislature make the necessary appropriation based on this calculation, for the publication of one hundred or two hundred volumes.

I would further recommend that the statute above cited be repealed, and that a provision be made in its stead, that whenever the necessity shall arise, the Governor be authorized to make such statement to the General Assembly as may be necessary in the premises. I would further recommend that the General Assembly fix the price at which
these volumes shall be sold, so that the expense of printing and a small margin over shall be secured to the State to cover the incidental expense of postage.

Dr. Robert Battey, a distinguished physician, resident in this State, has made a most valuable contribution to the State library in the donation of a large number of costly volumes, selected from his private medical library.

These books will form a nucleus for a large collection of medical works of value, as a desirable addition to our State library.

The thanks of the General Assembly are due Dr. Battey.

The following letter, received from Dr. Battey, conveys his donation to the State:

GYNECOLOGICAL INFIRMARY,
ROME, GA., September 18, 1893.

Hon. W. J. Northen, Governor:

In the well nigh half century which I have devoted to the study of the science of medicine and its collateral branches, a study now drawing to a close, I have been much impressed with the lack of some large reference library anywhere within my reach. With such assistance I can but feel that my own single life would have borne more and better fruit in the service of our people. We ought to have in Georgia such a library—the medical men of Georgia need it; the courts and the lawyers of Georgia need it; the legislature of Georgia needs it. It ought to be placed in a separate alcove in the State library at the capitol, where it would be easily accessible to all and properly cared for. I believe that this can all be done at a very small expenditure of the public funds.

Through your excellency as Governor I offer to the State my private library, consisting of several hundred, perhaps a thousand volumes, to be delivered in Atlanta free of cost, for a beginning of the proposed medical alcove in the State library, and will add to it, as my life may be prolonged, other similar
contributions. I believe that other physicians in Georgia, and especially those retired from active practice, will aid the collection by donations from year to year until this department of the State library will have grown to be of great public utility. I am, Governor,

Respectfully your obedient servant,

ROBERT BATTEY.

I herewith transmit the reports submitted by the departments of State, the officers in charge of the State's institutions and the financial reports required by law.

Also, a bill to prohibit any person or persons from riding or driving faster than a walk upon any public bridge over the Etowah and Little rivers, in Cherokee county, and for other purposes.

Mr. Davis, of the Committee on Journals, reported that the Journal had been examined and approved.

The Journal was then read and confirmed.

Mr. Cumming, of Richmond, offered the following resolution, which was read and agreed to, to-wit:
Resolved, That the Clerk be directed to have prepared for each day a printed calendar, for the use of the members, of bills before the House for a third reading.

The following bill was introduced, read the first time, and appropriately referred, to-wit:

By Mr. Bailey—

A bill to make Clerks of the Superior Courts eligible to hold the office of Clerk of the City and County Courts in the county of their residence.

Referred to General Judiciary Committee.

The unfinished business of October 30th, being the consideration of House Bill No. 442, to amend section 1675(a) of the Code, and for other purposes, was taken up, and on motion of Mr. Fleming the action of the House on certain amendments was reconsidered.

The report of the committee was then agreed to and the bill passed, as amended, by the requisite constitutional majority, veas 88, nays 2, to-wit:

A bill to amend section 1675(a) of the Code by adding the following proviso: Provided, That the section shall not apply to any foreign corporation engaged in the business of lending money on real estate security when said corporation, in order to prevent loss, is compelled to become the purchasers of lands covered by deed or mortgage to secure a loan.

By unanimous consent the following bills were introduced, read the first time, and appropriately referred:

By Mr. Brown, of Forsyth—

A bill to abolish the fees of the Solicitors-General of the several Judicial Circuits of this State, and for other purposes.

for the election of the County Treasurer of Burke county, approved February 19, 1877, and for other purposes.

Referred to Special Judiciary Committee.

Also, a bill to authorize the Mayor and Council of the city of Waynesboro to issue bonds, and for other purposes.

Referred to Committee on Finance.

Bp Mr. Burt—

A bill for the relief of William D. Ruddle.

Referred to Committee on Finance.

By Mr. Mershon—

A resolution to suspend the collection of certain taxes levied of the county of Glynn for the year 1893.

Referred to Committee on Finance.

The following bill was taken up, read the third time, the report of the committee agreed to, and the bill passed by the requisite constitutional majority, yeas 135, nays 0, to-wit:

A bill to amend an act approved November 12, 1889, to require railroads or other common carriers to promptly settle claims made for overcharges of freight, and to provide penalties for the same.

House Bill No 470 was taken up, and, on motion, laid on the table.

On motion of Mr. Allen, Senate Bill No. 105 was taken from the table and read the third time.

Pending consideration of the bill, the Senate appeared upon the floor of the House, and the General Assembly convened in joint session.
The President of the Senate caused to be read the resolution convening the General Assembly in joint session, to wit:

Resolved by the House, the Senate concurring, That the General Assembly meet in joint session Tuesday, October 31st, at 11 o'clock a.m., for the purpose of hearing a lecture from the Hon. J. L. M. Curry

At the conclusion of Dr. Curry's address, Mr. Camp offered the following resolution, to wit:

Resolved, That the thanks of the General Assembly be given by a rising vote to the Hon. J. L. M. Curry for his masterful, earnest and learned address.

The resolution was unanimously adopted.

On motion, the Joint Assembly was dissolved and the Senate retired.

The House was called to order by the Speaker.

The House again took up Senate bill No. 105 for further consideration.

Mr. McBride called the previous question, which call was sustained, and the main question ordered.

The report of the committee, as amended, was agreed to and the bill put upon its passage.

Mr. Fleming called for the yea and nays, which call was sustained.

Mr. Askew, of the Committee on Journals, reported that the Journal had been examined and approved.

The Journal was then read and confirmed.

Mr. Bloodworth, of Monroe, Chairman of the Committee on Corporations, submitted the following report:

Mr. Speaker:

The Committee on Corporations have had under consideration the following bills, and instruct me to report the same back with the recommendation that they do pass, to-wit:

House Bill No. 424, a bill to be entitled an act to amend the charter of the town of East Point, in the county of Fulton, so as to allow persons convicted of violations of the ordinances of said town to be sentenced to work in the chain-gang of Fulton county, instead of on the streets of said town, in default of the payment of the fine imposed by the Municipal Court, and for other purposes.
House Bill No. 428, a bill to be entitled an act to alter and amend, revise and consolidate the several acts granting corporate authority to the town of Sparta, and to confer additional power upon the Mayor and Aldermen, and for other purposes.

They direct me also to report the following bill, with the recommendation that it do pass, as amended:

House Bill No. 423, a bill to be entitled an act to authorize the Common Council of the town of East Point, in the county of Fulton, to issue bonds to the amount of ten thousand dollars to build a schoolhouse in said town and to provide for the payment of the same, and for other purposes.

Respectfully submitted.

O. H. B. Bloodworth, Chairman.

Mr. Felton, Chairman of the Committee on General Agriculture, submitted the following report:

Mr. Speaker:

The Committee on General Agriculture has had under consideration the following bill, which I am instructed to report back to the House with recommendation that the same do pass:

A bill to prevent persons from standing on the public bridges of the State, etc.

Also, bills No. 1, No. 7, No. 10, No. 11 and No. 14, to be entitled an act to repeal an act to provide for a Board of Equalization of real and personal, etc., with the recommendation that the authors of said bill, withdraw the same.

Respectfully submitted.

W H. Felton, Chairman.
The following message was received from the Senate, through Mr. Harris, Secretary thereof.

Mr. Speaker:

The Senate has passed, as amended, the following bill of the House, to-wit:

A bill to amend an act to create a system of public schools for the city of Marietta, in the county of Cobb, and for other purposes.

The Joint Committee appointed to examine the books and vouchers of the Treasurer and Comptroller-General, submitted the following report:

Mr. Speaker:

Under Senate Resolution No. 19, during the session of 1892, the undersigned were appointed a committee to sit during vacation and to examine the books and vouchers in the office of the Treasurer and Comptroller-General of this State, as provided in section 186 of the Code, and to make their report to this General Assembly.

Under authority of this resolution, your committee met at the capital in Atlanta on the 19th day of June last, and devoted themselves to this work from that time until the 28th of June. Our examination was careful, thorough and systematic. In the Treasurer's office we examined carefully and minutely all the books kept by that officer, showing the amounts received, disbursements made, for what purpose made, and by what authority. We also footed up the various amounts on said books under the various heads and items in order to verify the same. Nothing was taken for granted, and no calculation or result, as stated on such books, was accepted by this committee as correct until the same had been verified by us. Commencing with the 1st
day of October, 1891, we have examined every voucher for every item of expenditure and disbursement made by the Treasurer from that date until the 1st day of June, 1893, and we have compared such vouchers with the books of the Treasurer, and with his printed report submitted to the General Assembly for the year ending September the 30th, 1892. We also counted the cash in the Treasurer’s office on the 19th day of June last. We first ascertained from the Comptroller-General the amount of cash that, according to his books, should be in the Treasury, which was $1,100,533.17. This amount we found to be correct. We found in the vault in currency $13,000; in silver, $1,956.90; cash in till, $885.38; coupons, $56,928.70; amount in depositories, $1,008,835.50; advanced to civil establishment, $18,602.53; incidental expense account, $323.82. We also examined the bonds deposited in said Treasury by the foreign insurance companies doing business in this State, as required by law, and we find that the report of the Treasurer as to the names of the various companies, the amount of bonds deposited, and the character of the bonds mentioned in said report, is correct. We also find $500,000 Georgia 3½ per cent. registered bonds deposited by the State road lessees, as required by law. We also examined the assets of the State as mentioned in said report. We find 186 shares of Georgia Railroad and Banking Company stock, and 440 shares Southern and Atlantic Telegraphing Company’s stock. We have examined the Comptroller’s books, the certificates of the Treasurer given him for the amounts paid his office, as required by law, and have checked every certificate and voucher from the 1st day of October, 1891, up to the 19th day of June, 1893, and we find that the books of the Comptroller-General, and the certificates when checked together, corresponded in every instance. We examined the reports of the various Tax-Collectors of the State, and their digests showing the amount of tax paid
by the various counties in the State, and the record of special taxes made by each county in the State, and find these correct in every particular. In the examination of the Treasurer's office we wrote to the various depositories and had the various amounts reported by the Treasurer to be deposited in said banks verified.

In our examination of these offices we have been afforded every facility by the officers and their assistants, each and every one of whom manifested skill, ability and efficiency in the discharge of their duties. The books are not only neat, but they are systematic, comprehensible and complete. It is our duty and our pleasure to say that the Treasurer and Comptroller-General of the State are officers whose efficiency, faithfulness, careful administration and devotion to the best interests of the State, entitle them to the endorsement and approval of this committee, the Legislature and the people, as officers faithful in the discharge of every lawful duty. We believe the State most fortunate in having in her service these excellent gentlemen.

Respectfully submitted,

FELIX CORPUT,
A. P PERSONS,
Committee of the Senate.

The bill having received the requisite two-thirds vote, was passed, as amended, to-wit:

A bill entitled an act to amend paragraph 1 of section 2 of article 6 of the Constitution of this State, so as to increase the number of Judges of the Supreme Court of this State from three to five, to consist of a Chief Justice and four Associate Justices.

SECTION 1. Be it enacted by the General Assembly of the State of Georgia, and it is hereby enacted by authority of the same, That the Constitution of the State be amended by adding after the words "Chief Justice" in the second line of the 1st paragraph of section 2 article 6 thereof the words "and four Associate Justices" in lieu of the words in said line "and two Associate Justices" so that said paragraph, when amended, shall read:

"The Supreme Court shall consist of a Chief Justice and four Associate Justices. A majority of the court shall constitute a quorum."

SEC. 2. Be it further enacted, That whenever the above proposed amendment to the Constitution shall be agreed to by two-thirds of the members elected to each of the two Houses of the General Assembly, the Governor shall, and he is hereby authorized and instructed to cause said amendment to be published in at least two newspapers in each congressional district in this State for the period of two months next preceding the time of holding the next general election.

SEC. 3. Be it further enacted, That the above proposed amendment shall be submitted for ratification or rejection to the electors of this State at the next general election to be held after publication, as provided for in the second section of this act, in the several election districts of this State, at which election every person shall be entitled to
vote who is entitled to vote for members of the General Assembly. All persons voting at said election in favor of adopting the proposed amendment to the Constitution shall have written or printed on their ballots the words, "For ratification of the amendment of paragraph 1 of section 2 of article 6 of the Constitution," and all persons opposed to the adoption of said amendment shall have written or printed on their ballots the words, "Against ratification of the amendment of paragraph 1 of section 2 of article 6 of the Constitution."

SEC. 4. Be it further enacted, That the Governor be, and he is hereby, authorized and directed to provide for the submission of the amendment proposed in the first section of this act to a vote of the people as required by the Constitution of this State in paragraph 1 section 1 of article 13, and by this act, and, if ratified, the Governor, when he ascertains such ratification from the Secretary of State, to whom the returns shall be referred in the same manner as in cases of election for members of the General Assembly to count and ascertain the result, issue his proclamation for one insertion in one of the daily newspapers of this State announcing such result and declaring the amendment ratified.

SEC. 5. Be it further enacted, That if the amendment to the Constitution provided by this act shall be agreed to by the General Assembly, and ratified by the people as provided by the Constitution and by this act, then it shall be the duty of the General Assembly of this State, convening next after such ratification, to proceed to elect (after the proclamation of the Governor, as provided in section four of this act) two additional Associate Justices of the Supreme Court, one of whom shall hold said office for six years and the other for five years, from the first day of January, 1895, and until their successors are elected and
qualified; but all subsequent elections for said office shall be for the term of six years.

SEC. 6. Be it further enacted, That all laws and parts of laws in conflict with this act be, and the same are, hereby repealed.

The Committee to visit the University of Georgia, respectfully submitted the following report:

Mr. Speaker:

Your Committee to visit the University of the State during its commencement exercises ending June 21st, 1893, has endeavored to discharge what they conceive to be the duties incumbent upon them.

The buildings and grounds connected with the University we deem without the scope of our duties to report
upon, presuming that the Trustees and Board of Visitors will make such suggestions and recommendations relative to the same, as they may deem proper.

For general and particular description, however, of said buildings and grounds, reference is hereby made to the annual announcement of the University of Georgia, prepared by the Chancellor and Faculty of the University. We would take the liberty to report the need of a plant for warming the buildings with hot air, as an economic measure in saving fuel and labor.

The University is in need of an annual fund to purchase books for its library.

The laboratories of the several schools of the college are fairly equipped with all necessary apparatus pertaining to their departmental work and instruction.

The schools of Physics and Chemistry have a complete equipment of useful and valuable apparatus.

The museum of the University contains only small collections of specimens and models, inadequate to the growing needs of the Physiological Laboratory, and the University is in need of funds to furnish a museum that will be in keeping with other departments of the University. It has, however, a good collection of minerals, rocks and fossils in the department of Geology.

The industrial collections in the departments of Applied Chemistry and Biology are good, and contain about 5,000 specimens. Additions are made to these collections as opportunity and means allow. Appropriate charts, maps, diagrams and apparatus are furnished each of the schools as the funds at command have allowed.

The scope of instruction at the University is broad, liberal, progressive and thorough, having for its aim collegiate education and thorough instruction in all the special schools and co-ordinate departments of the University.

The chairs of Geology and Astronomy are vacant and
need to be filled at once, and for efficient work the University is in need of means to erect a moderate observatory.

The furniture of the various lecture rooms is inferior in quality, worn, dilapidated, inadequate and totally unfit for use, and should be replaced with such furniture as would comport with the comfort of the students and the pride and wealth of the State.

The discipline at the University is rigid without being arbitrary or tyrannical.

The examinations and declamations evidence classical culture and thoroughness.

In the matter of the Old Rock College, we would respectfully and particularly call the attention of the House of Representatives to the status of that building as regards its donation by the University and acceptance by the State of Georgia, and the failure of the Legislature to carry out the purpose of the gift.

H. W J. Ham,
J. L. Boynton,
John W Bennett,
Committee.

Mr. Ham, of Hall, Chairman of the Committee on Education, submitted the following report:

The following communication was received from his Excellency, the Governor, through Mr. Harrison, his Secretary, to-wit:

Mr. Speaker:

I am directed by the Governor to deliver to the House of Representatives a communication in writing, with an accompanying document.

Executive Department,
Atlanta, Ga., November 4, 1893.

To the General Assembly:

During the past summer a convention of Judges of the Superior Court was held in the city of Atlanta, for the purpose of considering and suggesting to the General Assembly the propriety of making certain changes in the penal laws of the State. A committee on legislation was appointed by said convention, and the suggestions of that committee are embodied in the communication which I now have the honor to transmit:
Marietta, Ga., October 21, 1893.

W. J. Northen, Governor, Atlanta, Ga:

Dear Sir—As a member of the committee on legislation from the convention of Superior Court Judges, I have been instructed to furnish you with the following suggestions, which have the approval of our committee:

Section 3893 of the Code, in reference to depositions, should be so changed as to apply the same to counties of ten thousand inhabitants, instead of counties having cities of ten thousand inhabitants. Let it provide further, that any party shall have the right to compel a witness to attend on the trial on proper showing to the judge, if it should appear that the ends of justice will be subserved thereby. Section 3899 should be so changed as to make the fees reasonable, and this method of getting evidence practical. It would seem that the commissioner should have the fees of the clerk of the superior court for issuing subpoenas, and he ought to be allowed so much for taking the evidence. As it stands, the fees for taking the evidence is two dollars for each witness, and fifty cents for certifying. This would be burdensome in many cases.

The law should be so changed as to allow a defendant in a criminal case to testify in his own behalf on his trial; also the husband or wife to be a competent witness for each other, and such evidence to be weighed by the jury. In such cases the State to have the right of cross-examination, and the failure of a defendant to testify not to be argued against him. This is the law in the most of the States of this Union; it is the rule in the United States courts.

There should be a revision of the Code by a committee of three elected by the Legislature. This revision should see to it that the Code contains all the statutes of force, and leaves out what are not of force. The Code of the
city of Savannah and all references to text-books and references to reports other than our own Supreme Court Reports should be expunged. References to our own Supreme Court Reports should be comprehensive and full. If the matter should make a cumbersome book in one volume, it should be printed in two volumes—a civil code and a criminal code. This work should be indexed differently from the present Code. Got up in this way, the State would own the book; and it should be sold to her citizens at the cost of publication. Taken in hand in a business way, it need not cost a great deal of money.

There should be in each judicial circuit an official reporter paid by the State, whose duty it shall be to take an exact stenographic report of the evidence and proceedings in every case, except the argument of counsel. Let him be paid a certain salary for making such stenographic report and writing out the evidence in felony cases, and then, in addition, let him have a certain reasonable compensation for furnishing a transcript of his report, which shall be paid for by the parties desiring the same. The law upon the subject of the pay of stenographers is now mooted, and it is necessary that something be done about it. The plan outlined would be much better, and would not cost more than the present system.

Our committee is of the opinion that there should be such legislation as will require the more speedy determination of cases that go to the Supreme Court. This has worked well in criminal cases, and no reason appears why it should not apply to civil cases. As much as a year frequently intervenes from the trial of a case in the court below until it is brought back for further consideration. In our opinion, all cases that reach that court ten days before final adjournment of the term should be heard and disposed of.

I have been directed by our committee to prepare bills-
to submit through you to the Legislature, which shall outline our ideas herein referred to.

Very truly yours,

GEO. F GOBER.

DAHLONEGA, GA., October 14, 1893.

To His Excellency, W J. Northen, Governor, etc., Atlanta, Georgia:

In accordance with section 4663 of the Code, I have the honor to submit, for your consideration, certain suggestions in reference to defects in our penal laws.

In the first place, I think there ought to be a careful revision of the entire penal code, with a view to a more just and equal adjustment of penalties according to the gravity of the crimes to be punished. This should be followed by the publication of the penal code separate from the civil code.

Failing this, various sections of the penal code, as they now stand, need speedy amendment and modification, so as to produce a nearer approach to equality of punishment for the same grades of crime.

SECTION 4390. Under this section robbery by open force is punished by imprisonment in the penitentiary, from four to twenty years, without reference to the value of the thing taken. Thus the taking of a pocket knife or an article of less value by open force, would subject the taker to imprisonment in the penitentiary for not less than four years. This is too much in some cases.

Sec. 4391. Punishes robbery by intimidation with imprisonment in the penitentiary from two to five years. In many instances robbery by intimidation is just as heinous as robbery by open force. If the punishment for each class was made, say one to twenty years in the penitentiary, the courts could then adjust the penalty according to the circumstances of each case.
SEC. 4406. LARCENY OF PAPERS.—Under this section, the penalty is confinement in the penitentiary from one to four years. If one steals a promissory note for one dollar, he is guilty of a felony; while, under other sections, he may steal forty-nine dollars and be guilty of only a misdemeanor.

SEC. 4408. PLUNDERING FROM WRECKED VESSELS.—The penalty under this section is confinement in the penitentiary from one to five years, without regard to the value of the article or thing taken.

SEC. 4414. LARCENY FROM THE HOUSE.—This section covers a large part of all the larcenies committed, and makes the amount or value of the thing taken an important element of the crime. If the amount is less than fifty dollars, such larceny is a misdemeanor, if over fifty dollars a felony. In illustration of the confusion which grows out of treating value of the stolen articles as an element of the crime in this section and dropping it out of other sections, I refer you to a case to be found in 86 Georgia Reports, page 339.

SEC. 4417 BREAKING AND ENTERING WITH THE INTENT TO STEAL, ETC.—This is a misdemeanor even though the stealing occurs, and without reference to the amount stolen, so that if one was to steal $100,000, under this section he would be guilty of only a misdemeanor.

SEC. 4422. BAILEES.—The penalty under this section is penitentiary from two to seven years, without reference to value. Thus a common carrier, often a boy under age, converts an article in transitu worth twenty-five cents, and he is guilty of a felony, while elsewhere he might steal $49 and be guilty only of a misdemeanor.

The sections cited are sufficient to show the necessity for a careful revision of all the sections in reference to larcenies.
Sec. 4342. Mayhem.—The putting out of an eye of one who has two eyes is only a misdemeanor.

Sec. 4343. The putting out of the eye of one who has but one eye is a felony, and punishable by imprisonment for life in the penitentiary.

Here is an instance of the same act, so far as the perpetrator is concerned, being treated in one case as a crime of the lowest grade, and in another as a crime of almost the highest grade. I tried a case recently in Habersham where a fiendish woman, under the guise of friendship, obtained access to the presence of an innocent young married woman and threw vitriol in her face, putting out one of her eyes and disfiguring her for life. She was convicted, but could only be punished as for a misdemeanor. She should have gone to the penitentiary. I leave to your wisdom and discretion the recommending of proper remedies for the defects suggested.

I am, very respectfully,

C. J. Wellborn,
J. S. C. N. E. C.

Mr. Kendrick, chairman of the Committee on Academy for the Blind, begs leave to submit the following report:

Mr. Speaker:

The Committee on the Academy for the Blind instruct me to submit the following report:

Your committee visited the institution in the city of Macon, Ga., on Friday, November 9th, and thoroughly inspected the buildings and grounds of said institution. The committee found the institution in a very flourishing condition and the appointments in each and every department thorough in every detail. The committee was very much impressed with the progress of the pupils of the institution.

There are some repairs needed upon the main building, and we recommend that a new roof and proper fire escapes be provided for said building, and we therefore recommend the appropriation of a sufficient sum, which, with the amount now in the hands of the Board of Trustees, will be adequate to provide for said institution these much needed improvements and repairs.

Respectfully submitted.

KENDRICK, Chairman.

Mr. Speaker:

The committees of the House and Senate on the Georgia School for the Deaf, acting as a joint committee, have visited that institution, and instructed me to make the following report:

We have examined the buildings, grounds and appurtenances of the school, as well as the educational operations of the same, together with the books and accounts. We found the buildings and grounds in a satisfactory condition. The accounts were critically examined and found correct, and all moneys appropriated for maintenance, improvements and repairs have been judiciously and properly used. The care and instruction of the pupils has been such as to challenge the admiration as well as the approval of the committee. Your committee, however, are in full accord with the Board of Trustees and the Principal in the belief that much good can be done the unfortunate class under
their charge by teaching them other handicrafts than it is now possible to teach them. The present outfit enables them to teach nothing beyond hand-work in shoe-making to the boys, and housework, sewing, cutting and making clothes to the girls. An outfit in the way of building and machinery for wood, iron and other styles of work would very greatly increase the facilities of the school for teaching useful arts to its beneficiaries, thereby enabling them to become self-supporting in after life. We, therefore, recommend the appropriation of five thousand five hundred dollars for the purpose of providing a building, machinery and other necessary appliances to accomplish this very desirable purpose. We think it very desirable that the buildings should be heated by steam and lighted by electricity so soon as the condition of our people and of the State Treasury will warrant the same, but we are reluctant to recommend the necessary appropriations at this time, hoping that future Legislatures may do so whenever the same can prudently be done.

H. J. SMITH,
Chairman on part of the House.

To the General Assembly:

Your committee appointed to ascertain and report what amount of money, if any, is necessary to be raised for the quarterly payment of teachers of public schools, respectfully submit the following:

After consultation with the Treasurer of the State and examination of his books, we have arrived at the conclusion that there would be ample funds properly belonging to the
school fund to make these quarterly payments, but for the fact that this fund is encroached upon each year by the payment therefrom of the appropriation to the widows and disabled Confederate soldiers, which amounts to about the sum of four hundred and sixty thousand dollars.

The taxes for the payment of these appropriations to the widows and disabled soldiers do not reach the Treasury until December of each year, but heretofore they have been paid eight or nine months previous thereto. We find that the condition of the Treasury is such as will authorize the payment of salaries to teachers and also the appropriation to widows and disabled Confederate soldiers if each of these payments is made quarterly. If so paid, it will be unnecessary to raise any additional revenue by issuing bonds, or by direct taxation.

We therefore recommend the passage of a bill authorizing the payment of public school teachers' salaries quarterly, that is to say, one-fourth of the fund to be paid the 1st day of April, one-fourth on the 1st day of July, one-fourth on the 1st day of October, and one-fourth on the 1st day of January, in next year, and that the appropriation to widows and disabled soldiers be likewise paid quarterly, on said dates in each year.

Respectfully submitted.

On motion, House Resolution No. 99 was made a special order for Tuesday, November 28, 1893.

The following bills and resolutions were introduced, read the first time and appropriately referred:

By Mr. Osborne—
A bill to amend an act to amend section 943(a) of the Code.
Referred to Committee on Banks.

By Mr. King, of Fulton—
A bill to exempt church parsonages from taxation, etc.
Referred to Committee on Finance.

By Mr. Morton—
A resolution for the relief of John N. Booth.
Referred to General Judiciary Committee.

By Mr. Ramsey—
A bill to change and fix the time of holding the Superior Courts in the counties of Bartow, Catoosa and Murray, in the Cherokee Circuit.
Referred to Committee on General Judiciary.

By Mr. Wilson, of Camden—
A joint resolution, that the Governor be, and he is, hereby requested to furnish the General Assembly a statement, showing the amount of money received by the State
of Georgia from the United States for educational purposes, for the years 1892–3, etc.

Referred to Committee on Finance.

Mr. Candler submitted the following report:

To the House of Representatives:

The Special committee to whom was referred House Bill No. 124, "To be entitled an act to authorize the Governor and Treasurer to issue bonds for the purpose of paying off and retiring certain of the past due bonds of the State, known as Convention Bonds, issued by Charles J. Jenkins, Governor; and certain of the past due bonds of the State, issued by Charles J. McDonald, Governor, and countersigned by J. Crawford as President of the Board of Commissioners of the Western & Atlantic Railroad; which said past due bonds are more fully identified and described in said act by numbers, date of issue and date of maturity," have had the same under consideration and have inquired as to the facts connected with the issue, holding and validity of the bonds therein described, and report thereof as follows:

There are two classes of bonds and parts of two issues of bonds mentioned and particularly described in the bill referred. One of these classes, known as "Convention Bonds," sixteen in number, of the denomination of five hundred dollars each, are held by E. L. Hays, of Newport, Rhode Island, the other class being six (6) of the denomination each of $1,000; three of the denomination of $500, and twenty of the denomination each of $250, in the aggregate $12,500, are held by and claimed to be the property of E. P. Scott & Co., of New York.

HAYS BONDS.

The Hays bonds, known as "Convention Bonds," are part of an issue of bonds authorized by the Convention of the people of Georgia of 1865. They are signed by
Charles J. Jenkins, Governor, and countersigned by John Jones, Treasurer. They are all dated February 1st, 1866, and mature five years after date. They all appear regular and genuine and have the great seal of the State affixed. It appears from the record book of bonds prepared by the Assistant to the Governor of the State, under authority of the act of March 2d, 1875, requiring the registration of all outstanding bonds of the State which matured prior to the 1st day of January, 1872; that twenty-four of these "Convention bonds" were at the date of this report outstanding. The record of bonds in the Treasurer's office shows the number of outstanding bonds, and identifies the sixteen Hays bonds by number and as unpaid, of the twenty-four outstanding. It appears from affidavit of the holder of these bonds, the original of which is on file in the Executive office, made under requirement of the act of 1875, for the registration of such bonds, that they purchased these bonds in 1866, and had continuously held them to that time, and that they had never been paid by any agent of the State. By indorsement on the paper containing these bonds, and in receipt to W. H. Tuller, Cashier of the Atlanta National Bank, acting for the owners, written and signed by Jas. T. Bozeman, Assistant to the State Treasurer, it appears that the bonds, identified by number, amount and date, were recorded and presented for executive audit on the 29th day of July, 1875, under authority of the registration act of March 2d, 1875.

It will thus be seen that every requirement of the State, as to the validity of these bonds, have been met by the owners, and that they could not have been paid by any agent of the State, and no credit has been given any agent of the State for their payment.

**SCOTT BONDS.**

The $12,500 of bonds claimed by E. P. Scott & Co., are parts of an issue made by authority of an act assented
to December 23d, 1837, and were for the purpose of getting funds to build the Western and Atlantic Railroad.

They are signed by Charles J McDonald, Governor, and J. Crawford, President of the Commissioners of the Western and Atlantic Railroad. They bear the impress of the great seal of the State, and were dated January, 1840-41 (respectively), and matured in 1870-71 (respectively).

These bonds have been closely inspected by your committee and the Treasurer of the State, and are certainly genuine; their genuineness has never been questioned by the State.

It appears from affidavits of R. L. Briggs and E. P. Scott, made in 1874 and 1876, in order to exchange these bonds for 8 per cent. bonds of the State, the originals of which are filed in the Executive office, and the facts of which have been reaffirmed in an affidavit made in the presence of your committee by Mr. E. P. Scott, after an examination of him by your committee, that the said bonds were purchased by E. P. Scott & Co. at public auction in the city of New York, in July, 1874; that they were sold in three lots and bought by them at 89, 90 and 91 cents in the dollar; that at the time of the purchase they believed that they were genuine, valid, outstanding bonds of the State, and that they could be exchanged for 8 per cent. bonds of the State, authorized by act of February 19, 1873, and known as the "Nutting Bonds," that $8,500 of these bonds were sold on account of said R. L. Briggs, who became the owner of them in the year 1868; the remaining $4,000 E. P. Scott & Co. traced no further than to their said purchase in 1874.

These bonds were presented for registration in the Treasurer's office and for executive audit shortly after August 1st, 1875, as required by the act of March 2d, 1875, and accompanied by affidavits of E. P. Scott and C. A. Nutting, that the delay in the filing of the bonds was not attributable to the fault of E. P Scott & Co.,
and they had in fact been forwarded for the purpose in due time. There was a substantial compliance by them with the requirements of the registration act of 1875, which was sufficient to remove the presumption of payment as declared by this act.

The record of bonds in the Treasurer's office shows of the issue of bonds in 1840-41, of which the Scott bonds are a part, outstanding $15,000, and that the $12,500 held by E. P Scott & Co., identical in numbers, are of this amount of outstanding bonds and unpaid.

It is hardly possible for any part of these bonds to have been included in the $174,000 of bonds claimed to have been paid by Clews & Co., and resold by them December 13th, 1873. If the evidence of E. P Scott and R. L. Briggs is to be taken as true, $8,500 of them now held and owned continuously by said Briggs and Scott from the year 1868, and have not been paid by the State through its agents or at the Treasury.

It appears from the records of the State that in 1874 there was outstanding of the McDonald bonds, maturing in 1870 and 1871, $289,000.

If the whole amount of bonds claimed by Clews & Co., to have been redeemed by them, had been of this issue, there then would have been left unpaid and outstanding $16,750, and of this the $12,500 Scott bonds have been held by the owners, E. P. Scott & Co., continuously since 1874, and are identified by number and amount, and appear as unpaid and outstanding on the bond book in the Treasury.

Besides of the bonds redeemed by Clews & Co., as the agents of the State, and received from the assignee of Clews & Co., in 1875, and returned to the State as cancelled, are $10,000 past due bonds of the State, which are not of the McDonald outstanding issue of $289,000.

As to both classes of the bonds mentioned in said bill, the records of the State in its Executive Department give
evidence of their genuineness, validity and non-payment, and nowhere does it appear that their genuineness and validity have at any time been questioned by the State. There is nothing in the records of the State to throw suspicion upon the bona fide holding of these bonds other than a statement in the report of Dr. J. F. Bozeman, to the General Assembly in 1875, as to the outstanding debt of the State, "that cogent reasons exist for the opinion that these bonds had been redeemed by Messrs. Clews & Co., financial agents of the State, in 1870-71, and improperly sold by them at auction December 13th, 1873."

These reasons are not stated by Dr. Bozeman, and there is nothing in the records of the State showing these reasons to have existed, and inquiry in every direction within reach of your committee fails in finding anything upon which to base such an opinion. If the evidence of the claimants is to be received as true, they are the purchasers for value of the larger portion of these bonds before maturity, were the owners thereof at the time of the suggested resale by Clews & Co., in 1873, and that ownership has continued to the present time. Nothing appears in the State's records showing this evidence untrue, or that any of these bonds had been re-issued by Clews & Co.

For now, nearly twenty years the holders of these bonds have been pressing them for payment. They have been subjected to the scrutiny and examination of the State in every department of the government under the pressure of the demand for payment by the owners, and nothing has been brought to light affecting their genuineness or the validity of their issue. The records of the State show them to be outstanding and unpaid. They are not included in any of the bonds declared invalid by Constitutional or Legislative enactment.

Your committee have carefully examined the opinion of Hon W. A. Little, Attorney-General, on the validity of these bonds, made October 26th, 1892, under resolution
of the General Assembly of 1890 and 1891. The facts concerning these bonds are therein fully set forth and have been verified by your committee, and they concur in the opinion expressed, that these bonds are "legal, valid obligations of the State."

It seems to your committee that there is no reason longer to delay an adjustment of these bonds with the holders, and that justice, as well as the credit of the State, demands it.

The terms of adjustment as proposed by the owners and set forth in the bill referred are fair and reasonable and should be accepted by the State in its enactment.

Respectfully submitted.

Mr. Speaker:

The Committee on Special Judiciary have had under consideration the following bill, which they report back to the House with the recommendation that same do pass:

House Bill No. 702, to amend the act incorporating the city of Manchester.
Also, your committee reports back the following bill, with the recommendation that same do pass, as amended, to-wit:

House Bill No. 36, to make Clerks of Superior Courts of the State ex officio Clerks of County Courts.

Respectfully submitted.

W. B. SHORT, Chairman.

Mr. Boynton, chairman of the Committee on Enrollment, submitted the following report:

Mr. Speaker:

The Committee on Enrollment report as duly enrolled and ready for the signatures of the Speaker of the House and President of the Senate, the following acts, to-wit:

An act for the preservation of game and fish in Catoosa county, and for other purposes.

An act to repeal an act entitled an act to alter and amend the road laws of this State as applicable to the county of Milton, approved August 23, 1872.

An act to amend an act authorizing the Judges of the Superior Courts in this State to appoint a special bailiff in counties containing a city of sixty thousand population or more, and for other purposes.

An act to amend the charter of the town of Boston, Thomas county, and for other purposes.

An act to be entitled an act to organize a County Court for the county of Quitman, and for other purposes.

Respectfully submitted.

J. L. BOYNTON, Chairman.
The committee appointed to investigate obstructions in the Savannah river, submits the following majority report:

WHEREAS, There was a joint resolution introduced in the Senate November 9th, 1893, to appoint a committee of two from the Senate, and three from the House, to go at once to Augusta and to look into the obstructions, if any, across the Savannah river, and report back immediately to the Senate and the House.

WHEREAS, We, the committee, appointed by the Senate and the House, do make the following report:

After reaching Augusta, we at once proceeded several miles up the Savannah river, where we found a twelve-foot solid rock dam, running from the said banks of the Savannah River, from the Georgia side of the said banks of the river to the South Carolina side.

WHEREAS, There was a convention held at Buford, S. C., in the year 1787, between the two States, declaring that said Savannah river should be kept open, free, and unobstructed.

WHEREAS, Said treaty set forth the following facts:

That not any obstruction whatever should be placed in the Savannah river that would in anywise obstruct the free passage of fish, and

WHEREAS, We, the committee, do find that the river is obstructed by a twelve-foot dam, that reaches from the Georgia side of the Savannah river, to the South Carolina side.

We, the committee, do recommend that the Governor at once appoint the committee of two to act with the Fish Commissioner of the State, and it shall be the duty of said committee to go to Augusta, or near Augusta on the Savannah river, and if they should find any obstructions in the Savannah river, in conflict with the laws of this State, and a treaty between the two States, impeding the free passage
of fish in said river, that the said committee do at once take such steps as they themselves and the Attorney-General can agree upon, to have said obstructions removed, or relieved in such a way, as may do equity to all parties at interest in the said two States.

We, the said committee, do further recommend that the Governor be authorized to draw his warrant on the Treasurer of the State to pay the expenses of said committee, and what he should deem proper and just to pay said committee for their labor.

WHEREAS, We, the committee, find this matter of great importance, and we, the committee of the Senate and the House, urge the Senate and the House to adopt this report, and that the Governor appoint at once his committee.

The committee recommend that this joint report of the Senate and House be adopted with the following amendment, to-wit:

That the said committee be further authorized to investigate the river from Augusta to Savannah, and if they should find any obstructions in the way of wire-nets, or any other obstructions that prevent the free passage of fish, that they proceed at once to have the same removed.

Respectfully submitted.

SMITH, of Gwinnett,
Chairman of the House Committee.

M. T. Perkins,

T. A. Robinson;
Chairman of the Senate Committee.

J. P Gholston.

Mr. Cumming, member of the Committee on the part of the House appointed under the joint resolution to investigate and report upon the obstructions in the Savannah river, submits the following minority report:
Mr. Speaker:

The Joint Committee appointed under joint resolution of the Senate and House to investigate and report upon alleged obstructions to the passage of fish in the Savannah river, proceeded to Augusta on the afternoon of November 13th. The next morning a majority of the committee called upon the mayor of the city to inform him of their visit to Augusta and its purpose. The mayor informed the committee that the water in the river was too high to make an examination of the fish-ways, and also that there was no boats that could be gotten at short notice to take the committee to the points where a thorough examination could be made.

He further stated that if the committee would remain until the next day he would make the necessary arrangements to enable the committee to make the best inspection which the height of the water would permit; or if the Committee would return at another time when the water was low he would furnish every facility for the investigation. The Committee therefore decided to devote that day to an inspection of the manufacturing establishments operated by water power, and return at a later date to inspect the dams and fish-ways. The Committee then proceeded in carriages, tendered them by the mayor, to visit the manufactories, under the guidance of the assistant city engineer. But on reaching the first establishment they decided to abandon this plan and to proceed at once to visit the dams and fish-ways. The committee left the city in a tow boat furnished by the city authorities, and went in this way some eight miles from the city to a point commonly spoken of as "the locks." At that point they found constructed, for the purpose of turning water into the Augusta Canal, a dam of solid masonry some twelve feet in height.
This dam extended from the Georgia side to the South Carolina side of the river, continuously, except where broken about midway, where there are three openings, which the committee were informed were twenty feet wide each, and again by another opening near the South Carolina side, in which the committee was informed there was constructed a fish-way. The committee viewed the dam, openings and fish-way only from the Georgia side, as there were no means at hand of getting nearer to these places. The committee remained at this point on the Georgia bank about fifteen minutes gazing at the dam, the three openings in the middle of the river about one thousand feet away, and the place where the fish-way was said to be, some two thousand feet away, over toward South Carolina. The Committee then returned to Augusta, and that night returned to Atlanta, without making further investigation, and has since made no further investigation of the matter committed to them.

The committee were informed by the mayor that the fish-way above referred to was of the patent considered by the United States Fish Commissioner as the best known device for the passage of fish; that it was put in under the advice and direction of the Fish Commissioners of Georgia and South Carolina; that the city employed a man to attend to the fishway and keep it clean and in good order.

The committee was further informed that fish were prevented reaching the dam or fishway by reason of the fact that fishermen, many miles below Augusta, stretched their nets from bank to bank during the shad season, thereby preventing almost, if not entirely, the passage of fish.

It was a self-evident fact that no fish could get over the dam where it was unbroken by openings or fishway. But the committee themselves did not get near enough to these openings or fishway to ascertain from their own investiga-
tion whether or not fish could pass; nor did they take any evidence on the subject.

The committee did not investigate whether or not there were other obstructions below Augusta, as intimated, which might be the real cause of the trouble; nor did they take any evidence on the subject.

The committee made no investigation of any character, whatever, to ascertain the true cause of the disappearance of shad from the river.

The committee made no investigation of what were the interests dependent on the maintenance of the dam, or their value to the State, either absolutely or comparatively, with the value of the fish alleged to have been destroyed.

The committee made no investigation to ascertain under what authority, or by virtue of what right, if any, the dam was built and is now maintained.

The Mayor of the city of Augusta did also, by letter, inform the committee, before the majority report was made up or agreed upon, that he would be glad at any time to furnish the committee with every facility, and render to them all assistance possible in making a thorough examination of the dam, openings, fishway, nets, etc., etc. But the committee did not avail itself of the proffered assistance.

Wherefore, it is respectfully submitted that the foregoing statement of facts shows that the investigation of the committee was not thorough, but, on the contrary, superficial and incomplete; it was not conducted with the care and deliberation which the great interests involved called for. And it is further respectfully submitted that the investigation does not authorize any certain conclusions or warrant any action by the General Assembly. All of which is respectfully submitted.

Bryan Cumming.

Mr. Stewart, chairman of the Committee on Lunatic Asylum, submitted the following report:

Mr. Speaker:

The Committees of the House and Senate, acting as a
Joint Committee on the Lunatic Asylum, submit the following report:

We have visited and inspected the asylum in all its departments, and desire to say that we found the same in all respects eminently satisfactory.

The appropriations made at the last session of the Legislature have been judiciously and economically used. The repairs and improvements provided for have been completed in the most satisfactory manner, and to the extent to which it was expected they have relieved the pressure arising from the overcrowded condition of the various wards.

But your committee unanimously concur in the views of the Trustees of this institution to the effect that there is immediate necessity for a large increase in the accommodations to meet the present and constantly growing demands from every part of the State for the relief of the insane, for whom as yet it is not possible to provide on account of want of room.

The files of the institution show that there are one hundred and seventeen applications for admission into the asylum for persons who have been adjudged insane and are confined in the various jails of the State, because there is no room for them at the asylum. And at the same time it is known to the authorities of the asylum that there exists a still greater number of such persons being cared for at enormous expense and trouble by friends, who would be applying for admittance but for the knowledge of the fact that they cannot be received, and friends are not willing to have them adjudged insane lest they should be compelled to be kept in jail.

It is admitted, we believe, by all medical authorities that the probability of recovery in all cases of insanity is greatly increased by early treatment, and greatly diminished by delay, a very short period being usually sufficient
to render such cases chronic, and therefore they become a
permanent charge upon the State, while prompt and speedy
attention would have restored them to reason and usefulness,
and at the same time relieve the State of much expense.

In view of these considerations your committee, while
anxious to protect the State from every needless expenditure,
feel constrained to recommend a large addition to the build­
ings of the asylum, in accordance with the request of the
Board of Trustees.

We agree with the board in the opinion that the needs
of the State, as well as the economic administration of this
great charity, require that at this time provision should be
made looking to the future as well as the present. That a
new building sufficient to accommodate all the present col­
ored patients, with surplus room to meet future increased
demands for this class, ought to be immediately begun and
pressed to completion as promptly as the work can be eco­
nomically done. And that the present negro building be
finished up and prepared for the occupancy of white male
patients. If this was done the white males could be re­mo­ved from their present quarters, leaving room for female
patients and relieving the overcrowded condition of the
present female wards. With the addition and changes thus
recommended, there would probably be no overcrowding
for the next ten years and probably more.

To meet these requirements we recommend the appro­priation of one hundred thousand dollars, to be paid out of
the Treasury of the State, in two installments of fifty thou­sand dollars each, one to be paid during the year 1894 and
the other in 1895.

All of which is respectfully submitted.

W. A. WILSON, Chairman.

Mr. Sears, chairman of the Special Committee to Visit the Technological School, submitted the following report:

Mr. Speaker:

The Special Committee appointed at the last session of the General Assembly, from the House, to visit the Technological School, submits the following report:

The committee have performed their duty, and made a thorough investigation of the workings and management of said institution. It gives your committee pleasure to say that the said institution is doing an excellent work, offering a means of education to the young men of Georgia in Technolog-
ical education never before presented in the State. They are pleased with the management. The progress made by the students is a credit to the State and the school. It is not theoretical only; but the said institution is giving her students education in practical and skilled mechanical labor and developing new lines of profitable employment for young men in the State. It is opening new fields of labor for the boys of Georgia.

They commend the institution and its management to the State for its maintenance and patronage. The committee recommend that the twenty dollars contingent fee now required be abolished; and after conference, believe this will meet the approval of the management of the school.

Respectfully submitted.

W M. SEARS, Chairman.

Mr. Boifeuillet, chairman of the Committee to visit the Georgia State Industrial College at Savannah, submitted the following report:

Mr. Speaker:

We, the committee appointed on the part of the House to attend the commencement exercises, last June, of the Georgia State Industrial College at Savannah, and inspect the condition and management of the institution, beg leave to submit the following report:

All of the committee were not present, but several of its members were in attendance.

We found the faculty to be composed of intelligent and pious men, who are efficient and experienced teachers, and who are engaged not only in the development of the mental powers of the students, but pay close attention to their moral and religious training. We especially commend the excellent work of President R. R. Wright. He has a high conception of the duties, and realizes the responsibilities devolving upon him as the first negro President of the first colored State College established in Georgia. The President and faculty are enthusiastic and energetic in the performance of their labors.

We carefully read the examination papers of the students, and cheerfully testify to their excellence and correctness.

They indicated in no uncertain manner the thoroughness of the instruction of the pupils. The commencement exercises were highly creditable to the participants, and very interesting to the large audiences that attended them.
Our inspection of the general condition of the institution was exceedingly satisfactory. The discipline of the college is admirable. President Wright, though firm in his government, is kind and considerate. The moral standard of the pupils is high. Their conduct and behavior are exceptionally good. Drinking intoxicating liquors, gambling and the use of tobacco are prohibited, and in these things the president and faculty teach by example as well as precept. Sunday morning an hour is devoted to Sabbath school services; in the afternoon a lecture on religious topics is delivered to the students by the president or some member of the faculty appointed by him. The pupils have organized a branch of the Young Men’s Christian Association. It has a large membership, and the exercises are well attended.

The County School Commissioners of the State speak in flattering terms of the college and of the qualifications of the student-teachers whom they employ.

We recommend that the law which applies to other branch colleges in this State in reference to teacher-certificates be applied to this institution.

We also recommend that this institution be permitted to grant to its graduates such degrees as are usual in colleges of its grade.

In conclusion, we heartily commend the fidelity, zeal and efficiency with which Chairman P. W. Meldrim and the other members of the Board of Commissioners have discharged their arduous duties incident to the opening of the college.

Respectfully submitted.

Boifeuille, Chairman;
W. H. Styles,
A. Wilson.

Senate Bill No. 51 was made a special order for Thursday morning and 200 copies ordered printed of the substitute.

The Special Committee appointed to visit the Georgia Normal and Industrial College, at Milledgeville, through Mr. King, of Fulton, as chairman, submitted the following report:

Mr. Speaker:

The committee appointed to visit the Georgia Normal and Industrial College, at Milledgeville, report they discharged that duty during the commencement exercises of the college in June last. They found that three hundred and seventy students had been in attendance upon the college during the session of 1892 and 1893, and that they came from ninety-eight counties in the State. This large attendance, representing the various portions of the State, satisfied us that a widespread and growing interest in the institution existed over the entire State, and that no special locality was alone represented there.

Your committee found the educational methods thorough and complete, and they were gratified that the importance of thoroughness and fullness in a literary education were not lost sight of in the industrial training taught at the college.

Your committee were especially impressed with the useful arts taught, and they rejoice that Georgia has an institution where her young women are prepared to make a livelihood for themselves and those dependent on them, should such prove necessary, as well as properly educated
and trained to adorn and honor the homes of Georgia's sons. They were especially impressed with the sewing and cooking departments. As to the first, sewing, they do not claim to be particularly expert judges, but they do know that the dresses worn by the young ladies, which were made by their own deft fingers, were strikingly beautiful. This though may be due, in part, to the fact that such dresses were not shown upon dummy figures, but they were rendered more attractive by the young ladies themselves being wrapped therein, and forming the living background. As to the second, cooking, the committee think themselves as good judges as the average man, and they pronounce the viands prepared by the students in their presence entirely wholesome and palatable.

The same young ladies, who in their cooking dress demonstrated their practical familiarity with this department, in the morning, appeared in the evening in their graduating attire, and read essays which would have done credit to the graduates of any of our institutions. Their gentleness, refinement, culture and womanly attractiveness had in no manner been impaired because of their manual training in the more useful arts, so necessary to the home life of every day.

Your committee found that the dormitory was full and overflowing, and many of the students had to secure board with the citizens of Milledgeville. This necessarily interferes with the enforcement of college discipline somewhat, and your committee recommend that an appropriation may be made for the erection of such an additional dormitory building as, upon investigation, may be found necessary, as soon as practicable.

We found that Prof. J. Harris Chappell, the President of the Institution, and his able corps of assistants, appreciate the magnitude and importance of the work they have in hand, and they are conscientiously and faithfully carry-
ing forward the same. We trust that at no distant day facilities may be afforded for extending and enlarging the normal department of the college, the work of which we particularly commend.

Respectfully submitted.

Referred to Committee on Temperance.

Senate Bill No. 191, to amend the school laws of this State by reducing the number of members of the County Board of Education, etc.

Referred to Committee on Education.

The following bill was read the third time, the report of the committee agreed to, proper legal proofs of publication were exhibited, and the bill passed, as amended, by the requisite constitutional majority, ayes 93, nays 0, to-wit:

House Bill No. 793, to amend the charter of the city of Atlanta.

Leave of absence was granted to Messrs. Boyd, McCrimmon and Styles.

The hour of adjournment having arrived the House adjourned until to-morrow at 9 o'clock.

Atlanta, Georgia,
Thursday, December 7, 1893.

House met pursuant to adjournment, called to order by the Speaker and opened with prayer by the Chaplain.

On motion, the roll call was dispensed with.
Mr. Askew, of the Committee on Journals, reported that the Journal had been examined and approved.

Mr. Perkins gave notice to reconsider.

The Journal was then read and confirmed.

Mr. Perkins moved to reconsider so much of the Journal of yesterday as related to the action of the House in regard to House Bill No. 87, which motion was lost.

The unfinished business of last night was resumed, and the House went into Committee of the Whole House.

Mr. Neil, of Bartow, chairman of the Committee of the Whole House, submitted the following report:

Mr. Speaker:

The Committee of the Whole House having had under consideration House Bill No. 773, request me, as their chairman, to report the same back to the House, with the recommendation that it do pass.

The bill was read the third time, the report of the Committee agreed to, and the bill placed upon its passage.

Upon a call of the ayes and nays, the vote was as follows:

So the bill was lost, to-wit:

A bill to establish a Reformatory Prison for juvenile convicts in this State.

House Bills No. 336, 745 and 233 were taken from the table and placed on the calendar.

The following resolution was introduced, read and agreed to, to-wit:

By Mr. Howard—

Resolved, That this House, for the remainder of the present week, hold sessions as follows: From 9 a. m. to 1 p. m., from 3 p. m. to 5:30 p. m., and from 7:30 p. m. to 10 p. m.

It was ordered that 200 copies of the report of the Committee to Investigate the Treasury be printed.
The following is the report of the Joint Committee:

To the Senate and House of Representatives:

The joint committee appointed under Senate Resolution No. 32 to investigate and report "the true condition of the State Treasury, the amount of money in various State depositories, when such money was paid into such depositories, and the reason, if any, why the public school teachers cannot be paid quarterly, and also the pensioners," beg leave to make the following report:

We find in the various State depositories to the credit of the State on December 1, 1893, the following sums:

We find some small variances between the sworn statements furnished us by the State depositories and the books of the Treasurer, which are accounted for by checks drawn on said depositories by the Treasurer, as shown in his books, which have not been presented for payment. In the account of the Central Georgia Bank, of Macon, we find a deposit of $59.02 to the credit of the State on November 11th, 1893, on account of insolvent cost Bibb county, which the Treasurer's books do not show, and which item it appears was not reported to the Treasurer. Also, a difference of $4.75 in favor of the State in the statement of the Merchants Bank, of Atlanta, as compared with the Treasurer's books, which difference has existed for some time, and can be adjusted by the officers of said bank and the Treasurer by a comparison of their books.

Your committee did not have the time or opportunity to provide for an expert examination of the Treasurer's books, but, to the extent of our time and ability to do so, have examined them and find no evidence of incorrectness in them.
The balances and entries compare with the books in the Comptroller-General's office, which stand as an auditing account of the Treasurer's office, and a thorough examination of the Treasurer's books would necessarily involve a like examination of the Comptroller-General's books.

Of the amounts shown in the various State depositories we find it all available except the sum of $25,449.73, in the Brunswick bank, now in the hands of a receiver, which sum, the Treasurer informs us, will not be lost to the State, but is amply secured.

We call special attention to the large amounts on deposit in the Third National Bank of Columbus, the LaGrange Banking and Trust Company, and the Merchants Bank of Atlanta, above the amounts of bonds required of them by law. We find that on November 1st, 1892, the Third National Bank of Columbus had to the credit of the State the sum of $210,713.11, which amount, besides various small deposits, was increased by deposits direct from the Treasury, on December 17th, 1892, of $40,000; on January 20th, 1893, of $17,000; on February 7th, 1893, of $10,000, and on September 14th, 1893, of $10,000; on July 1st, 1893, of $35,000; on August 3d, 1893, of $10,000. The largest amounts drawn against these deposits were, on June 20th, 1893, $20,600, and on October 2d, 1893, $10,000, leaving a balance due the State by this bank on December 1st, 1893, of $301,450.10.

We find due the State by the LaGrange Banking and Trust Company, on November 1st, 1892, the sum of $118,268.71, which sum, besides other small deposits, was increased by deposits direct from the Treasury on August 2d, 1893, of $25,031.25; on August 25th, 1893, of $5,000, and on September 22d, 1893, of $5,000. Against this
only small checks have been drawn, leaving a balance due the State December 1st, 1893, of $159,732.32.

We find due the State by the Merchants Bank of Atlanta on November 1st, 1892, $79,364.04. This amount has been increased by numerous deposits during the year, the large amounts varying from $10,000 to $37,000, against which we find numerous checks drawn, mostly of small amounts, but several varying from ten to fifty thousand dollars, leaving a balance due the State, according to the Treasurer's books, December 1st, 1893, of $153,512.18.

We submit herewith the sworn itemized statements of the various State depositories, except the New York and Brunswick banks, November 1st, 1892, to November 27th, 1893, marked "Exhibit A." By this exhibit it will be shown that some increase of deposits has accumulated in all of said depositories within the last twelve months, except the Griffin Banking Company, the Milledgeville Banking Company, and the bank of the University at Athens, in which the deposits have increased.

Your committee took the sworn testimony of the president and the cashier of the Third National Bank of Columbus, the president of the LaGrange Banking and Trust Company, and the State Treasurer and his assistant, which testimony we had reported by a stenographer, and herewith submitted as "Exhibit B." As will be shown by reference to said evidence, your committee interrogated them specifically as to the large deposits made in the LaGrange and Columbus banks, and find that no pecuniary interest or benefit, directly or indirectly, prompted the State Treasurer to make said deposits, but that it was done in compliance with the request of the presidents of said banks. The Treasurer swears that he would have granted a like request from any other State depository which he regarded as safe.
for the amount of such deposits, and that in making such deposits direct from the Treasury he acted under the authority of the written opinion of the Hon. Wm. A. Little, Attorney-General, dated September 17th, 1891, which will be found on pages 37 to 39 of the Attorney-General's report for the year 1892. While your committee express no opinion as to the true construction of the law on this point, they would condemn the policy of such large accumulations of the State's money in the depositories, though it appears that the Treasurer acted under the written opinion of the Attorney-General, and has not been prompted by any corrupt motive in his conduct.

We find that one of the State depositories is a National bank, and deem it proper to call attention to the fact that, while our Georgia statute, which gives the State a first lien on the assets of a bank selected as a depository, has been upheld by the Supreme Court in the case of a State bank, yet the Federal law fixes the rank of liens on the assets of a National bank, and that Federal law could not be altered by a State law; it would therefore appear that if a National bank is selected as a depository the State would not have a first lien on its assets but would stand on the same footing as other like depositors.

For this reason it might be best to require an increased bond from any National bank that may be selected as a State depository.

From our investigation we find that the Treasurer was mistaken in his statement to a former joint committee, that the present inability to pay the public school teachers quarterly arises from using a part of the school fund in February in the payment of the soldiers and widows' pensions, when the money to pay said pensions was not paid into the treasury until December thereafter, but that this mistake
arose from the dates upon the warrants drawn on him by
the Governor of file in his office, said warrants showing on
their faces that they were drawn in years 1892 and 1893
for the pensions of said years, when in fact they were to pay
pensions for which taxes were collected in 1891 and 1892.

We further find that the delay of the Treasurer in mak­
ing his report to this session of the General Assembly was
caused by the failure of the printer to get it published as
carly as necessary, said report having been placed with the
printer on the 9th day of October, 1892, and that said re­
port has since been published and submitted to the General
Assembly.

We herewith submit as a part of this report estimates
furnished us by the State Treasurer, marked "Exhibit C,"
showing the estimated resources and expenditures of the
State, from which we report that the public school teachers
can be paid twenty-five per cent. on the first of April,
twenty-five per cent. on the first of July, twenty-five per
cent. on the first of October, and twenty-five per cent. on
the first of January of each year, but that the safer plan
would be to pay the teachers twenty-five per cent. on the
first of July, twenty-five per cent. on the first of October,
and fifty per cent. on the first of January of each year,
and this can be done without the issuing of bonds or in­
crease of taxation, by the use of funds other than the
school fund, to aid in such payment, the school fund not
coming into the Treasury at such periods of the year as to
admit of such payments out of the school fund alone. As
an additional suggestion for the payment of teachers, we
further report from our investigation and from the opinion
of the Treasurer, that the State Treasurer can safely ad­
ance to the common school fund from other resources the
sum of three hundred thousand dollars on any date between
July 1st and October 1st, to be used toward accomplishing payment of teachers in full at the end of each quarter, the said $300,000 to be returned out of the school money when the same is received into the Treasury.

Respectfully submitted.

A. F. Daley, Chairman Senate Committee.
W. S. Humphreys,
M. P. Reese,

J. M. McBride, Chairman House Committee.

Personally appeared before me R. W. Farrar, cashier of Merchants Bank, of Atlanta, who, being duly sworn, says the above is a true statement of the account of the State of Georgia, as per the books of said bank. In witness whereof he has this day set his hand.

Andrew J. Hansell,
Notary Public Fulton County, Ga.
The Treasurer of the State of Georgia, in Account with the Southern Bank of the State of Georgia.

**Georgia, Richmond County.**

Personally appeared before me, a Notary Public in and for said County and State, Charles G. Goodrich, who, being duly sworn, deposes and says that he is Cashier of the Georgia Railroad Bank, and that the foregoing account with the State of Georgia, extending from the balance brought forward on January 3, 1893, $105,925.93, to and including the balance due the State on November 27, 1893, amounting to $55,704.77, is correct to the best of his knowledge and belief.

Chas G. Goodrich, Cashier.

Sworn to and subscribed before me,
this twenty-eighth day of November, 1893.

William Martin,
Notary Public Richmond County, Georgia.

GEORGIA, Floyd County,

Personally appeared before me R. R. Harris, Jr., a Notary Public in and for Floyd county, B. I. Hughes, Cashier of the Peoples' Savings Bank, Rome, Ga., who swears that the account of the Treasurer of the State of Georgia with Peoples' Savings on the sheets attached hereto is, to the best of his knowledge and belief, correct.

Sworn and subscribed to before me,
this 28th day of November, 1893.

R. R. HARRIS, JR.,
Notary Public Floyd County, Ga.
APPENDIX B.
EXHIBIT B.

TESTIMONY OF WITNESSES AS THEY WERE EXAMINED BY THE COMMITTEE.

MR. DALEY, CHAIRMAN OF THE COMMITTEE.

Mr. Jordan, sworn, testifies as follows:

Q. Mr. Jordan, what position do you hold in the Third National Bank of Columbus? A. I am president.

Q. We have a statement of that bank which shows that on the first of __________, 1892, there was a balance of $280,713.11 to the credit of the State. Can you tell us how long that credit of the State has been in your bank? A. I think about one year.

Q. What interest did you pay? A. None at all. They drew on us for $25,000, which I think we paid last year.

Q. Was there a very big deposit last year? A. I am not certain, but don't think there was a big deposit last year, but I don't remember.

Q. Were there any taxes paid in by November 1st? A. Yes, sir; we got some by October.

Q. I notice in last year, in September, a deposit of $40,000? A. Yes, sir; that came from the Treasurer direct.

Q. Did you know from what fund it was derived? A. I did not.

Q. On the 24th day of September $20,000, was that taxes? A. Yes, sir.

Q. On the 20th of January a deposit of $17,000? A. I think that was from Muscogee Tax-Collector.

Q. What were the taxes of Muscogee county? A. The taxes of Muscogee were about $90,000, and we gave a receipt for that deposit.

Q. There was a deposit of $10,000 in 1893, can you tell where that came from? A. I cannot say, but I think that came from the Treasurer.
Q. There was one for the amount of $36,000, where did that come from? A. That came from the Treasurer.

Q. On the third of August, 1893, of $10,000? A. That came from the Treasurer.

Q. On the fourteenth of September, 1893, of $10,000? A. That came from the Treasurer.

Q. These amounts, as I understand, were sent to you direct from the Treasury? A. Yes, sir.

Q. Then, that makes $95,000 that was sent to you by the Treasurer? A. Yes, sir.

Q. How much did I understand you to say that the taxes of Muscogee county was last year? A. I think they were $90,000 year before last.

Q. Mr. Jordan, do you remember when it was that the four-and-a-half bonds were sold? A. I think that it was in 1892.

Q. What time in 1892? A. In May I bought the issue. It was $200,000.

Q. What did you pay for those bonds? A. I took them at Mr. Wolf's bid, whatever that was, and I paid $200,000 with a check on New York, and the balance by a check on my bank.

Q. Where were the bonds delivered? A. Mr. Speer delivered me the bonds in person. He delivered them to me in New York, and I gave him a check for the amount of $200,000 on a New York bank. I may be mistaken, but that is my recollection.

Q. You don't know where the money went to, do you? A. I think that it went to the Third National Bank. That is a depository of the State.

Q. You got the money from what bank? A. I got the money from a private party. Mr. Speer met me at the Third
National Bank. I will tell you all about it in one minute. I that gave him a check that I got from R. E. Langston & Co.

Q. You made your arrangements through them, and it was their check you gave him? A. Yes, sir.

Q. What did he do with this money? A. I think that he put the money right in the Third National Bank.

Q. Mr. Jordan, was there any arrangement of any kind you made with the Third National Bank? A. No, sir.

Q. Did he deposit this money in your bank? A. It may be of information to you to know that we never got a deposit of this money that I gave him in August, but then I told him that I would like to have some money to move cotton, and that was what I wanted it for and only that, and then he tendered it to me, and then I explained to him my reason for wanting the money.

Q. You were appointed State Depository in 1891, were you? A. Yes, sir.

Q. What connection has Colonel Hardeman with your bank? A. None at all.

By Col. Reese:

Q. You say that Colonel Hardeman has no connection with your bank? A. None whatever.

Q. What is the capital stock of your bank? A. One hundred thousand dollars.

Q. Where is that stock owned, in Columbus? A. Yes, sir.

Q. You gave a bond, did you not? A. Yes, sir.

Q. Who was on that bond? A. The directors of the bank.

Q. During the time that this money was advanced to you, in 1893, what was it worth? A. Well, on deposit it was not worth anything; but I never paid over six per cent.

Q. Your bank borrowed no money? A. No, sir.
By Mr. Fleming:

Q. I understand that your bank is the only National bank that is made a State depository. Do you believe that the State can have a first lien on your bank? A. I do.

By Mr. Humphreys:

Q. The Treasurer can call in any of these deposits at any time? A. Yes, sir.

Q. Suppose the Treasurer wanted to call in that $301,450.10? A. He can get it by telegraphing.

Q. Colonel, how much money is on deposit in your bank. A. $529,000.

Q. What is the capital stock? A. $100,000.

By Mr. Fleming:

Q. Colonel, on the supposition that you cannot change the priority of liens on a National bank, then you have $301,450.10 of the State's money for which the State has only a bond of $50,000, leaving a balance of $251,450.10 unsecured? A. Yes, sir, that is right.

Q. $251,450.10, for which the State has no security? A. Yes, sir.

Q. The $50,000 bond is in the hands of the Governor, then there is a balance of $251,450.10 that is unprotected? A. Yes, sir; if that is true in law.

Q. Was there any understanding between your bank and Colonel Hardeman for those large deposits, and did he directly or indirectly receive any benefit from those large deposits? A. None at all; I will say another thing, that we have never paid a depositor a single cent; neither the city, the county or the State, nor any other private depositor.

Q. Is Colonel Hardeman interested in the stock or the profits of your bank? A. No way in the world. Every dollar of the stock is held by people in Columbus.

Q. When you received these large deposits, $40,000,
$17,000, $10,000, $35,000, $10,000 and $10,000, did you write any letters to Colonel Hardeman? A. No, sir; I am sure that I did not.

Q. You came in person? A. Yes, sir.

Q. You never wrote a letter? A. I never wrote him a letter in my life.

Q. You did not write a letter at all? A. My recollection is that I never wrote him a letter of any kind.

Q. Who was Attorney-General when those bonds were issued? A. Mr. W A. Little.

Q. Do you know whether he prepared the bond or not? A. I do not.

By Mr. Reese:

Q. Colonel, did I understand you to say that your bank was a United States depository? A. We have deposits, but we are not a depository.

Q. What amount of funds do you hold? A. Five thousand dollars.

Q. I understand that you are not a United States depository? A. No, sir.

Q. What interest has the Assistant Treasurer, Mr. Speer, in the Third National Bank of Columbus? A. None in the world; or if he has I don't know it.

Q. I understand your first answer to cover that question? A. Yes, sir.

Q. The stockholders are all in Columbus, are they? A. All but one, and he lived in New York; that was Mr. Backer, and when he died that was sold to a man in Columbus.

Mr. Murphy, sworn, testifies as follows:

Q. What position do you hold with the Third National Bank of Columbus? A. I am cashier.
Q. How long have you been there?  A. I have been there about one year.

Q. Can you give us any information as to how long this balance has been due the State?  A. Well, I don't think that I could answer that question, for the reason that I am not an expert bookkeeper, and don't think that I could answer that question.

Q. Can you tell me about how much you have had?  A. We have had a pretty good balance.

Q. Well, you will notice a deposit of $40,000; when did you get that, in December, '92?  A. Yes, sir; but I can answer only in a general way, as I had nothing to do with those deposits.

Q. Do you know whether your bank has paid any interest on these deposits?  A. Not a cent.

Q. Not anything?  A. No, sir.

Q. Has Colonel Hardeman any connection with the Third National Bank?  A. No, sir. You mean stock?

Q. Yes.  A. No, sir.

Q. Who did you say owned the stock?  A. The people of Columbus; but there was a non-resident, and he was a Mr. Backer, and he is dead.  He was a director, and owned $10,000.  When we first made up the bank Mr. Richards was to have taken $10,000, and that was all of the non-resident stockholders.  When Mr. Backer died his stock went to Savannah and was sold, and a resident of Columbus bought it.

Q. Did you have any personal knowledge as to how the four-and-a-half bonds were paid for?  A. I did not.  They were not paid for through the Third National Bank.

Q. Did Mr. Jordan give a check for the purchase of those bonds?  A. I don't know.

Q. Would you know what a check of that kind was for?  A. I would not.

Q. Where were those bonds delivered to Mr. Jordan?
A. I don't know, sir; but I think that they were delivered to him in New York. That was a transaction that our bank had nothing to do with.

Mr. George Speer, sworn, testifies as follows:

Q. Mr. Speer, what position do you hold with the LaGrange Banking and Trust Company? A. I am president.

Q. We notice that you have $159,732.32? A. Yes, sir.

Q. And I notice here that there was a deposit of $1,005 in August; first, $25,031.25; then August 25th $5,000; September $5,000; where did you get those deposits? A. From the Treasurer. I was up here and asked for them and got them.

Q. On what terms did you get them? A. None but that we were a depository and asked for them and got them.

Q. Well, what has been about the average balance you have kept for the State before? A. About $75,000 to $80,000. I don't know how long it has been since we have had as high as $100,000.

Q. What is your capital stock? A. $150,000.

Q. What is your surplus? A. $90,000.

Q. How much have you on deposit? A. About $225,000.

Q. That includes the State's money? A. Yes, sir.

Q. Are you connected in any way with the Treasurer's bond? A. Yes, sir; I am on his security.

Q. Is Col. Hardeman connected with your bank? A. No, sir.

Q. Did or does he own any of the stock? A. No, sir.

Q. He is not connected in any way? A. None whatever.

Q. What are the people worth that made that bond? A. Several hundred thousand dollars. Mr. Ferrill is on it, and he is worth $150,000. All of them on it are the moneyed people of Troup county.
Q. How much money have you got now? A. We have got here, New York and LaGrange, $200,000. We have got in LaGrange $30,000 or $40,000, and in Atlanta $5,000 or $6,000, and $100,000 worth of bonds in New York. Those bonds are owned by the stockholders, and they are mostly, the State of Georgia bonds.

Mr William Speer, sworn, testifies as follows:

Q. You are Assistant Treasurer in the Treasurer's office? A. Yes, sir.

Q. We notice in your account with the Third National Bank of Columbus a deposit on December, 1892, of $40,000. Do you know how that money went there? A. I do not; but just wait and I will go and get the certificate and that will show all about it.

Q. You have not refreshed yourself? A. No, sir; but since you have asked the question I think that it went directly from the Treasury.

Q. On the 20th day of January, $17,000, February $10,000, then on the first day of July $35,000? A. Well, I think they were all checks.

Q. Then August 1st $10,000, then 13th of December $10,000, do you know where they came from? A. No, sir.

Q. You are not conversant with the general depositories? A. No, sir; Mr. Hardeman does all that kind of business and I handle the money.

Q. Mr. Speer, was there any preference shown to these banks? A. Yes, sir; I think there was.

Q. To which was the preference shown? A. Well, Colonel Hardeman's idea was to get that money in the strongest banks, and he thought that Third National Bank of Columbus and the LaGrange Banking and Trust Company were stronger than any of the other banks.

Q. Which is the State Depository of Atlanta? A. The Merchants Bank.
Q. Did you look upon them as being stronger than the Merchants Bank? A. No, sir, that was not my idea.

Q. Do you think that it was more secure in those two banks than in any other? A. I don't think that it was any more secure there than it was in the Georgia Railroad Bank.

Q. Do you know that the president of the Third National Bank made requests for these deposits? A. Yes, sir.

Q. Well, do you think that was better than to divide the money in other banks? A. Well, I don't know. I know that Mr. Jordan came up here several times to see about money and insisted that they had never had their rights down there.

Q. He thought that he ought to have more than any others? A. I suppose so.

Q. The Columbus bank was not made a depository until April, 1891, and from that time they have always carried a large balance, have they? A. I think not.

Q. Did Colonel Hardeman or yourself receive anything, directly or indirectly, in return for placing those large sums in these banks? A. I know that I never have received any interest, and so far as I know, Mr. Hardeman has never received any, and I know that I have not.

Q. Do you report these banks as all right? A. If they are all right I do. In 1892 I found the bank in Americus in a bad condition and reported it so. Then I found the bank at Cordele in a bad condition, and reported it that way.

Q. The bank of Thomasville is a State depository, is it? A. Yes, sir.

Q. $150,000 capital? A. Yes, sir.

Q. A good bank? A. Yes, sir.

Q. The bank of Valdosta is a good bank; has $150,000,
has it?  A. No. My recollection is that it had $100,000 but I may be mistaken about it.

Q. Mr. Speer, did you think that it was good policy to put so much money in two banks?  A. Well, yes.

Q. Don't you think that it would be better to have fewer State depositories than we have?  A. Yes, sir.

Q. Mr. Speer, you delivered those bonds to Mr. Jordan in New York, the issue of $200,000 did you?  A. Yes, sir.

Q. Well, how were you paid for them?  A. I was paid by a check.

Q. You know that no other bank asked for money, do you?  A. Well, there was one last month that wanted some.

Colonel R. U. Hardeman, sworn, testifies as follows:

Q. Colonel Hardeman, we have a report of the Third National Bank of Columbus, which is one of the State depositories and a deposit to the credit of the State to the amount of $40,000; we wish to know why that money was put there in that bank?  A. I gave it to Mr. Jordan in my office upon his request.

Q. Likewise on the 20th of January we find $17,000?  A. My recollection is that I gave that to him in person (Mr. Jordan).

Q. And then we find $35,000, $10,000 and $10,000; were all of those given to him in person?  A. Yes, sir.

Q. Was there anything offered by him to get you to turn over this money to him?  A. No, sir.

Q. Have you any interest in the Third National Bank?  A. No, sir.

Q. Are you connected in any way with this bank?  A. No, sir.

Q. Do you think, Col. Hardeman, under the laws regulating depositories of the State funds, that you have a right to make deposits of this kind?  A. Yes, sir.

Cited to the Attorney-General's Report, page 37.
THURSDAY, DECEMBER 7, 1893.

Q. Col. Hardeman, do you know anything as to the authority as to the State depositories? A. Yes, sir; look on page 138, in the Act of 1882.

Q. Therefore, the deposits of these funds, other than taxes of that county, was done under the authority of that decision of the Attorney-General? A. Yes, sir; the Attorney-General's ruling I acted on.

Q. Col. Hardeman, there was a deposit in the LaGrange bank August 2d of $25,000, and then again two others of $5,000 each? A. Yes, sir; I gave them to the president myself.

Q. Was that a regular depository at that time? A. Yes, sir; and the money was in the Treasury and I had no use for it, and they asked for it.

Q. Do you look upon those banks as being stronger than the Southern Bank of the State of Georgia? A. I do not.

Q. No other banks made request? A. None at all.

By Mr. Fleming:

Q. Col. Hardeman, did you, or any one connected with your family, or otherwise, receive any benefit, directly or indirectly, out of these large sums deposited in these banks? A. None in the wide world.

By Mr. Thomason:

Q. Col. Hardeman, suppose any other bank had asked for this money, would you have advanced it to them? A. I would; none had ever asked me for any, and I think that the first time the Georgia Railroad Banking Company asked for any was in 1885.

By Mr. Fleming:

Q. Col. Hardeman, did you own any stock in either of these banks? A. None at all.
Q. You don't maintain, as a matter of fact, that the pensions for the widows were received eight months before paid out? A. I don't know.

Q. The widows' pensions were first paid out in February, 1892. Do you maintain that that amount of $400,000 was paid out in advance of the taxes in December, 1891, or January, 1892, or were they paid out of money collected in 1891? A. That I don't know.

Dennard,

And the bill was passed by the following substitute,
to-wit:
A bill to be entitled an act to amend section 1, article 7, paragraph 1 of the Constitution of Georgia, so as to extend the provisions of said section, article and paragraph to all Confederate soldiers, who, by reason of age and poverty, or infirmity and poverty, or blindness and poverty, are unable to provide a living for themselves, and for other purposes.

SECTION 1. Be it enacted by the General Assembly of the State of Georgia, and it is hereby enacted by the authority of the same, That section 1, article 7, paragraph 1 of the Constitution of Georgia, be, and the same is, hereby amended by inserting after the word "service," and before the word "and," in the thirteenth line of said paragraph, the following words, to-wit:

"Or who, by reason of age and poverty, or infirmity and poverty, or blindness and poverty, are unable to provide a living for themselves," so that said section, article and paragraph, when amended, shall read as follows:

"Section 1, paragraph 1. The powers of taxation over the whole State shall be exercised by the General Assembly for the following purposes only:

"For the support of the State government and public institutions.

"For educational purposes in instructing children in the elementary branches of an English education only.

"To pay the interest on the public debt.

"To pay the principal of the public debt.

"To suppress insurrection, to repel invasion and defend this State in time of war.

"To supply the soldiers who lost a limb or limbs in the military service of the Confederate States with substantial limbs during life, and to make suitable provisions for such Confederate soldiers as may have been otherwise disabled or permanently injured in such service, or who, by reason
of age and poverty, or infirmity and poverty, or blindness and poverty, are unable to provide a living for themselves, and for the widows of such Confederate soldiers as may have died in the service of the Confederate States, or since from wounds received therein, or disease contracted therein."

**Section 2.** *Be it further enacted,* That if this amendment shall be agreed to by two-thirds of the members of the General Assembly of each House the same shall be entered on their Journals, with the ayes and nays taken thereon. And the Governor shall cause the amendment to be published in one or more of the newspapers in each Congressional District for two months immediately preceding the next general election, and the same shall be submitted to the people at the next general election, and the voters thereof shall have written or printed on their tickets "Ratification" or "Against Ratification" as they may choose. And if a majority of the electors qualified to vote for the members of the next General Assembly voting shall vote in favor of ratification, then said amendment shall become a part of said article 7, section 1, paragraph 1 of the Constitution of this State, and the Governor shall make proclamation thereof.

**Section 3.** *Be it further enacted,* That all laws and parts of laws in conflict with this act be, and the same are, hereby repealed.

Ayes, 125. Nays, 6. Not voting, 44.

So the bill was passed by the requisite two-thirds of all the members-elect, and is as follows, to-wit:

A bill to be entitled an act to amend article 3, section 4, paragraph 3 of the Constitution of 1877, by striking out the word "October," in the third line after the word "in" and before the figures "1878," and substituting therefor the word "July," and the manner of submitting the same, and for other purposes.

Section 1. Be it enacted by the General Assembly of Georgia, and it is hereby enacted by the authority of the same, That from and after January 1, 1895, article 3, section 4, paragraph 3 of the Constitution of 1877 be altered and amended by striking out the word "October," in the third line after the word "in" and before the figures "1878," and substituting therefor the word "July," so that said paragraph, when amended, shall read as follows, viz.: The first meeting of the General Assembly, after the ratification of this Constitution shall be on the fourth Wednesday in July, 1878, and annually thereafter on the same day until the day shall be changed by law.

Sec. 2. Be it further enacted, That if this amendment shall be agreed to by two-thirds of the members elected to each of the two Houses, the same shall be entered on their Journals, with the ayes and nays taken thereon, and the Governor shall cause said amendment to be published in one or more newspapers in each Congressional District for two
months previous to the next general election, and the same shall be submitted to the people at the next general election, and the legal voters at said election shall have written or printed on their tickets "For Ratification" or "Against Ratification," as they may choose to vote; and if a majority of the qualified electors shall vote in favor of ratification, said amendment shall become a part of said article 3, section 4, paragraph 3 of the Constitution of this State, and the Governor shall make proclamation thereof.

Sec. 3. Be it further enacted, That all laws in conflict with this act be, and the same are, hereby repealed.

The Special Committee appointed under the resolution to investigate the matter of Physical Pools, submits the following report:

To the Senate and House of Representatives:

The joint committee appointed under Senate Resolution No. 22, to investigate what legislation, if any, is necessary to prevent or regulate the formation of physical pools, an alleged combination to control transportation of cotton by
railway and steamship companies, beg leave to make the following report:

As the result of fair investigation, and from the evidence introduced before us, we find that there exists, with headquarters in Atlanta, an association composed of nearly all the Southern Railway and Steamship Companies, which association is known as the Southern Railway and Steamship Association. What is known as the physical pool, is, in reality, an allotment of cotton freight, made by that Association among the railway and steamship companies composing the Association, the intention seeming to be to protect the weaker lines. After this allotment has been made, when any railway or steamship company has reached the limits of its allotment, it is notified not to solicit cotton freight further, and then the weaker road or company is permitted to reduce its freight rate until such company shall reach its allotment. It is claimed that no penalty is attached to a failure to comply with the agreement. This agreement would seem to discourage or prevent improper discrimination indulged in heretofore, and it can in no way injure the planter or cotton shipper, but might, under some circumstances, result in lower freight rates. In no instance can a road refuse freight when tendered.

We beg to report that, in our opinion, no legislation is necessary.

Respectfully submitted.

Mr. Fleming submitted the following report:

Mr. Speaker:

The undersigned members of the joint committee appointed to investigate the condition of the Treasury, etc., under Senate Resolution No. 32, show that on page 4 of the printed report, reference is made to the written opinion of Attorney-General Wm. A. Little, dated September 27, 1891, in which he holds that the Treasurer had the legal right to place money in a State Depository by sending it direct from the Treasury vaults, or by checking it out of other depositories; and in that connection the report contains the following words to-wit: "While your committee express no opinion as to the true construction of the law on this point, they would condemn the policy of such large accumulations of the State's money in the Depositories," etc.

We recognize the fact that the first clause of the foregoing extract from the report might be construed as implying a doubt in our minds as to the correctness of Mr. Little's opinion. In justice to him, we have since examined the question, and unhesitatingly say that his opinion is fully and completely sustained by the decision of the Supreme Court of the State.

We therefore request that this communication be spread on the Journal of the House.

Respectfully submitted,

W R. RANKIN,
J. M. McBRIDE,
WILLIAM HARRISON,
WM. H. FLEMING.

The following message was received from the Senate, through Mr. Harris, Secretary thereof:

Mr. Speaker:

The Senate has passed, as amended, the following bill of the House, to-wit:

A bill to amend an act to allow pensions to certain Confederate widows.

Mr. Turner, chairman of the Committee on Penitentiary, submitted the following report:

Mr. Speaker:

The Committee on Penitentiary, through sub-committees from its body, have visited and inspected, as thoroughly as their limited time would allow, all the convict camps in this State.

The general condition of the most of them is good, the convicts appearing to be well supplied with wholesome food, comfortable clothing and proper medical attention.

The committee especially commends the camps of Jas. M. Smith in Oglethorpe, W H. Mattox in Elbert, the Chattahoochee Brick Company in Fulton, Rising Fawn in Dade, and Bartow in Bartow county, as models of cleanliness, health and good order.

The camp at Durham Coal Mines, in Walker county, is condemned as being uncleanly, unhealthy, and not up to the standard which should be required.
The attention of the Principal Keeper and Principal Physician of the Penitentiary is called especially to this camp, and they are urged to look at once after the comfort and sanitary condition of the sleeping quarters, and hospital.

Their attention is also called to the lack of proper cleanliness and scantiness of winter clothing at Adrian, in Emanuel county.

The officers of the Penitentiary Department, in the opinion of this committee, are endeavoring to discharge all of their duties faithfully and conscientiously, and if there are any abuses and errors which need correction, this committee is satisfied that they grow out of the system, and are not chargeable to neglect of duty on the part of the officers.

The number of convicts is increasing so rapidly that it is becoming a matter of serious alarm, a menace to the social and political condition of the State. This increase, despite the discharges, pardons and deaths, for the past twelve months has exceeded twenty per cent. Should this increase grow in proportion for the next few years, as it has in the past, the penitentiary will soon contain a vast army of felons whose supervision and care will be a vast burden upon the State.

The committee can only suggest again, that some legislation is needed, which will seek to reform juvenile criminals, as one remedy for this alarming increase.

The sub-committee which visited the Dade Coal Mines missed the genial face of Capt. Wm. O. Reese, who has been so long in the employ of this company, and whose excellent management reflected credit upon the State and his integrity. They regret that he is no longer in charge at this camp.

Respectfully submitted.

TURNER, Chairman.
Mr. Bacon, chairman pro tem of the General Judiciary Committee, submitted the following report:

Mr. Speaker:

The General Judiciary Committee has had the following Senate bills under consideration, which I am instructed to report back to the House with the recommendation that the same do not pass, to-wit:

A bill to provide for the sale of property in hands of receivers.

Also, a bill to amend paragraph 1, section 4, article 6 of the Constitution.

Also, a bill to amend section 3211 of the Code

Also, a bill to repeal an act to require corporations to give their employees who are discharged the cause of their removal.

Also, a bill to provide for appeals in habeas corpus cases.

Also, a bill to require insurance companies to pay the full insurance.

Also, a bill to amend sub-section(f) of an act to repeal paragraph 1 of section 3854 of the Code.

Also, a bill to amend section 3149(a) of the Code.

Also, a bill to amend section 3740 of the Code.

Also, a bill to enable persons selling property to reserve title.
Also, a bill to repeal an act for the protection of discharged employees.

The committee recommends that the following bill be tabled, to-wit:

A bill to amend the school laws of this State.

The committee recommends that the following Senate bills do pass, as amended, to-wit:

A bill to provide for the filing of an abstract of title with claims to land.

Also, a bill to regulate the practice in the Supreme Court.

Also, a bill to amend section 2706 of the Code.

The committee recommends that the following bill do pass, to-wit:

A bill for the relief of persons holding title to real estate.

Respectfully submitted.

A. O. Bacon, Chairman pro tem.

Mr. Bennett, chairman of the Committee to Visit the Georgia State Normal School for Girls, at Milledgeville, submitted the following report:

Mr. Speaker:

The committee appointed to visit the Georgia State Normal School for Girls, at Milledgeville, beg leave to submit the following report:
We have performed that duty by visiting said school on the 11th day of December inst. We found the buildings in excellent condition and well taken care of. The grounds are ample and while they have not been put in order owing to wants of funds, they are susceptible of being made beautiful by tasteful and judicious improvement, which we hope will be done at no distant day.

We were highly pleased with the order, the system and the discipline of the school, as well as with the methods of teaching and kindly care exercised by the worthy President and all the members of the Board of Instruction.

There are over three hundred young ladies in the school, who by their quiet, modest and ladylike demeanor, challenged the admiration and esteem of every member of the committee.

In the Industrial Department we saw gratifying evidence of the proficiency of the pupils, who, by cheerful and attentive efforts, are certainly making commendable advancement in preparing themselves for the future duties of life.

We are informed that the Dormitory is entirely inadequate to accommodate all the pupils in attendance at this time, and many of them are compelled to board in various families in the city of Milledgeville. Your committee believe that the highest interest both of the school and the pupils will be promoted by having all the pupils board in the Dormitory—both because we believe that the discipline can be better preserved and the moral influences of the faculty over the students be more perfect by this means than by having the pupils scattered among the families of the city.

In addition to which, we learn that the cost of board in the Dormitory is considerably less than in the city.

For these reasons, we hope that at an early day, when the finances of the State are in a condition to do so, a new Dormitory, sufficient to accommodate two hundred or more
pupils, will be provided by the State for the use of this admirable and very useful school.

We heartily endorse the appropriation of $2,000 made by the General Assembly at its present session for said school, as it is badly needed for the purpose for which it was made.

We take pleasure in commending to the people of the State the worthy President, Dr. J. Harris Chappell, and his worthy assistants, and believe, under his management, the school will accomplish a great deal of good for the girls of Georgia.

Respectfully submitted.

JOHN W BENNETT, Chairman.
