Courses of Study.

College Preparatory Course.

This course is established to fit students for college.

In order to enter classes in this course, pupils must be thoroughly prepared in Reading, Writing, Arithmetic, Geography, English Grammar and United States History.

First Year.

LATIN—Elementary Book, (Harkness); English Composition, —First Lesson, (Quackenbos'); History, General, (Switon's); Mathematics, Practical Arithmetic, concluded, (Davie's); Science, Physiology, (Cutter's).

Second Year.

LATIN—Reader, Grammar, (Bullions); Greek, Elementary Book,

(Anthons); Mathematics, Elementary Algebra, (Davie's); History, General, (Swinton's).

Third Year.

LATIN—Cicero—Four Orations against Cutiline, (Stuart); Virgil—Three Books of Æneid, (Chase); Composition, (Harkness).

GREEK—Xenophon's Anabasis, three books, (Boise).

MATHEMATICS—Geometry, four books, (Loomis').

SCIENCE—Physical Geography, (Maury).

NORMAL COURSE.

This course is established for the purpose of giving to all its participants such a common school education as will enable them to teach in this, or the adjoining States. It embraces four years.

For admission to this course, one must have a fair knowledge of Reading, Writing, Elements of Written Arithmetic, and Primary Geography.

First Year.

ENGLISH—Spelling, (Webster's Common School Dictionary); Reading, (McGuffey's Fifth); Grammar, (Smith's); Mathematics, Practical Arithmetic, (Davies'); Science, Intermediate Geography, (Cornell's).

Second Year.

ENGLISH—Composition, Grammar, (Smith's); Mathematics, Practical Arithmetic, (Davies'); History, United States, (Swinton's); Science, Geography, Anatomy, Physiology and Hygiene, (Cutter's); Teaching, Theory and Practical, (Page); Book-keeping, (Mayhew.)

Third Year.

ENGLISH—Literature, (Gilman); Mathematics, Algebra, (Loomis); Science, Physical Geography, (Maury's); Astronomy, (Lockyer's); Geology, (Dana).

Fourth Year.

ENGLISH—Milton and Shakespeare, Rhetoric, Art of Discourse, (Day's); Mental Philosophy, (Wayland); Moral Philosophy, (Fairchild); Evidence of Christianity, (Hopkin's); Mathematics, Algebra, (Loomis') History of Education, (Hahlman's).

Primary Course.

This is for the accommodation of small children and others who are beginning the race for an education; under competent, kind and earnest tutorship. This department is prepared to thoroughly equip its pupils in spelling, reading, elements of written arithmetic, (Davies'); and in primary Geography, (Cornell's), etc.

General Information.

Membership.

Any person of *good moral character* can become a member of this school at any time. Persons who are in, or desire to join either of the higher classes, will stand a better chance by coming the first day of school. Pupils are not allowed to attend parties, festivals pic-nics, etc., during school time, without special permission from the Principal. Parents and friends are earnestly requested to cooperate with the teachers in this matter.

Discipline

of this school is similar to that of all other well regulated schools. For any *persistent* and *gross* violation of the rules and regulations, a pupil is expelled. We have only had to resort to this final punishment once during our existence.

Theory and Practice of Teaching.

A splendid opportunity to gain experience in conducting recitations, etc., is afforded to the higher classes, by the primary pupils.

Each one who intends to teach is required to instruct some one of the infant classes under the criticisms of the whole school.

Thus initiated into their work, our pupils are not at a loss when they enter their summer schools.

Communities will find it to their advantage to employ our teachers.

Rhetorical Exercises.

Friday afternoon of each week is spent in hearing essays, speeches, debates, spelling-matchess, etc. **B**y the latter. **W**e go through the spelling book three times a year.

Literary Societies.

There are two of these societies controlled by the pupils themselves—J. C. Young, of Cuthbert, is President of the Demosthenian. Aaron Smith, of Columbus, President of the Eureka.

EXPENSES.

TUITION PER MONTH:

In College Preparatory,	: : : : : : : : : : : : : : : :	\$1.50
Normal,	: : : : : : : : : : : : : : : :	1.25
Primary.	: : : : : : : : : : : : : : : :	1.00
Board, per month, from	: : : : : : : : : : : : : : : :	\$5.00 to 6.00
Total expenses in the highest class for board and tuition for nine months,		\$65.00.

All payments must be made in advance on the first day of school. But those who teach, and have school contracts, will be credited until they receive their pay.

Commendations of Prominent Visitors.

DR. HAMILTON, President of Andrew Female College: "I am with you in this effort to elevate your race, with my whole heart. May God bless and prosper you."

PROF. McNULTY, Principal of Grange Collegiate Institute: "What I have seen here to-day will be the best lash with which I may urge up my own pupils."

COL. HERBERT FIELDER, known all over the State, says: "Your people have many schools, but few as ably conducted as this. You have a good teacher and should rally to the support of this school, and never let it go down."

REV. W. J. GAINES, of Macon: "Friends, you have a noble teacher and grand school."

"Pay your teacher well and you can keep him. Poor pay, poor preach."

Howard Normal School.

CUTHBERT, GA.

We, the undersigned Patrons and Trustees, take great pleasure in recommending HOWARD NORMAL SCHOOL, of Cuthbert, Ga., to all who desire to acquire a good Common School Education; to prepare for College or to fit themselves for Teaching, Business, &c. This Normal School has been in successful operation during the past year, under competent Teachers.

Many Students have been gathered from the surrounding counties, and after having received instruction here, have gone out to spread the knowledge thus received among the people.

Of the efficiency and thoroughness of training which Students receive here, many prominent white and colored citizens who attended the Examination and Exhibition speak in flattering terms.

All feel the sore need of a high School here in our midst, where we can prepare our children for College &c. We now have it in Howard Normal School—let us rally to its support.

Prof. R. R. Wright a graduate of the Atlanta University, is recommended by several County School Commissioners as an efficient and successful Instructor, and we, as patrons and trustees of the School, are proud to say that he has given perfect satisfaction as Principal of Howard Normal.

The School at present has three courses—Primary, Normal and College Preparatory.

Terms are moderate. Board can be obtained at very low figures—from \$4 to \$6, and upwards per month.

For further information, address R. R. Wright, A. B., Principal of Howard Normal School, Cuthbert, Ga.

Hoping that every young man and woman will put forth all reasonable efforts to enjoy the advantages offered at Howard Normal, we are, for the education of our children.

Yours truly,

NEEDHAM DAVENPORT,

REUBEN RICHARD,

REV. LAWRENCE SOLOMON,

(Pastor of Baptist Church,)

ADAM FORBES,

JOHN RHODES,

SAMUEL REYNOLDS,

REV. D. T. GREEN,

(Pastor A. M. E. Church,)

TURNER MORRIS,

BENJAMIN KENDRICK,

JAMES BALDWIN,

Cuthbert, Ga., July 1878.
